## PRESIDENT SAID TO FAVOR MODIFICATION OF THE TERMS

Suggests German Ships be Freed For  
Carrying Needed Food to Central  
Empires

NOW LIE IDLE IN HARBORS

Armistice Provides They Shall Be  
Seized if They are Found in Open  
Seas

MURDER STORY UNCONFIRMED

Reports Received That Former Ger-  
man Crown Prince was Captured  
and Shot.

(By United Press.)

Washington, Nov. 12.—The note of Dr. Solf, German minister of foreign affairs, directed to this government as an appeal for "mitigation of armistice conditions imposed by the allies upon Germany," was delivered to Secretary Lansing this afternoon by the Swiss minister.

The German situation changed the whole program of peace, and may serve to change in some ways the application of the armistice terms.

One modification in the armistice terms is believed likely in the matter of freeing German ships now idle in their harbors. The armistice terms would make these subject to seizure but President Wilson has suggested they should be made available for carrying needed food supplies to the central empires.

May Make Metz Headquarters.

Paris, Nov. 12.—That French general headquarters will be transferred to Metz, within ten days, was the general belief expressed here today.

A Paris paper said it understands the allied premiers will soon meet in Versailles to consider the peace problems.

There is a strong probability that the peace conference will be held there.

Discussions of the terms in Marshal Foch's sleeping car lasted from 1 to 5 a. m. Monday.

The German delegates made no contests over points they knew it was useless to discuss, but asked minor concessions.

The armistice, however, was signed as first dictated by Foch.

The delegates were reinforced by four specialists to press the necessity of feeding Germany.

The described food conditions as critical.

Gen. Winterfeldt wept bitterly when he signed the document.

Bill's Whereabouts Unknown.

London, Nov. 12.—Conflicting reports were received today regarding the present whereabouts of William Hohenzollern and what disposition the Dutch government would make of his person. It was generally agreed, however, that he would be interned if such action had not been taken.

Emperor Charles Abdicates.

Copenhagen, Nov. 12.—Dispatches today from a private source in Vienna declared that Emperor Charles had abdicated.

Grand Duke Arrested.

Amsterdam, Nov. 12.—The grand duke of Hesse has been arrested, according to reports received here today.

Urges Ships Run For It.

London, Nov. 12.—The German wireless has recommended that German merchant ships run for the nearest port.

By the terms of the armistice, the allied blockade is still in effect and all German merchant vessels found at sea will be seized. The wireless probably refers to the Baltic and Black Sea, which the allies had not been able to penetrate before hostilities ceased.

## FOR RECONSTRUCTION WORK

German Prisoners of War May Be  
Utilized in Building up Counties

(By United Press.)

Washington, Nov. 12.—German and Austrian prisoners of war will probably be utilized in rebuilding territories devastated by the enemy. This course is justified, it is pointed out, in view of the damage done by the central powers in occupied territory, and also by the fact that Germany took Belgians and French into her own country to work during the war.

## REPORTS CROWN PRINCE WAS SHOT UNCONFIRMED.

Paris, Nov. 12.—Unconfirmed dispatches from Germany received by way of Amsterdam today announced that German soldiers arrested the former German crown prince and shot him.

## PREPARE FOR FURTHER HEAVY TAXES, HE SAYS

Secretary McAdoo Warns There Will  
Be More Liberty Loans to Meet  
Financial Burdens.

FURTHER CREDITS FOR ALLIES

(By United Press.)

Washington, Nov. 12.—The chaotic condition of world finance makes it necessary for the American people to prepare for further heavy taxation and bond issues, Secretary McAdoo warned today.

"We do not know exactly where we stand," said McAdoo. "We know there are hundreds of millions yet which the war department must spend but we don't know how long the heavy burden will last. Of this much we are sure, there must be Liberty loans and there must be a long season for heavy taxes."

Further credits are expected to be made to the allies.

## SERGEANT OWENS RECOVERS

Former Rushville Boy is Treated In  
5 Different Hospitals

Sergeant Frank Owens of the Second division has recovered from a long illness and likely participated in the final offensive of the Americans against the defeated German armies. According to a letter from him which was written October 12, received by his parents, Mr. and Mrs. H. C. Owens, he was just being discharged from Base Hospital No. 15. Sgt. Owens said that he had been in five hospitals, three American and two French, and that he expected to go back to the front line soon. He did not state the nature of his illness.

## MRS. EMIZETT SUTTON DIES

Aged Carthage Woman Expires at  
the Home of Her Daughter.

Mrs. Emizette Sutton, age eighty-five years, for fifty years a resident of Carthage, died at the home of her daughter, Mrs. Mary Wilcutt at 2:30 o'clock of a complication of diseases following an illness of five weeks. She is survived by two children, Mrs. Nora Wilson of Carthage and Henry Sutton of Carthage, in addition to Mrs. Wilcutt. Five grandchildren and three half brothers, Drury Holt of Carthage, John Holt of Spiceland and Henry Holt of Indianapolis, are also survivors. The funeral will be held at the Wilcutt home tomorrow afternoon at two o'clock and burial will take place in the Carthage cemetery.

ROOSEVELT IN HOSPITAL

New York, Nov. 12.—Col. Roosevelt is in the Roosevelt hospital here today suffering from an attack of lumbago. Physicians said his case is not serious.

MAY BUILD AUTOMOBILES.

Washington, Nov. 12.—Automobile manufacturers probably will be permitted to resume production of passenger cars after January 1. This intimation was made at the war industries board today.

## WAR WORK DRIVE IS STARTED IN EARNEST

Celebrations Monday Over End Of  
War Delays Canvassers First Day  
Day of the Campaign

FACTORY GIRLS RAISE \$237

Canvassers began in earnest today to cover their districts to solicit contributions for the United War Work campaign. The celebration over the end of the war yesterday delayed the beginning of the campaign, which is expected to go forward not with renewed energy. Decatur county went over the top yesterday and it is hoped that Rush county will not lag behind other counties in the district.

Glove factory girls added a total of more than \$237 to the Rush county fund through their efforts yesterday. They themselves contributed \$150.50 and raised the remainder by carrying a flag through the streets soliciting contributions of any size.

## MUST CONSERVE FOOD ALONG NEW LINES NOW

Food Administrator Hoover Says  
Famine Conditions in Europe  
Make This Necessary.

MUST DO IT FOR OWN SAFETY

(By United Press.)

Washington, Nov. 12.—Warning against famine and anarchy in Europe, food administrator Hoover today declared the American people must conserve food along new lines that Europe may be fed.

"Famine," he said, "is the mother of an anarchy. If we value our own safety and the social organization of the world, if we value the preservation of civilization itself, we can't sit idly by and see the growth of this cancer in the world's vitals."

He declared there are conditions of a famine of Europe, "that will be beyond our power to remedy. There are forty million people in north Russia to whom I fear little access with food can be obtained this winter."

Hoover's discussion of the food situation was made to a gathering of state food administrators here this afternoon on the eve of his departure for Europe to take up the work of food distribution to liberated peoples. He appealed for the necessity for the continuation of conservation in the United States, even though the armistice is signed.

## HOUSE TO LLOYD-GEORGE

U. S. Representative Wires British  
Premier His Congratulations.

(By United Press.)

London, Nov. 12.—Col. E. M. House, President Wilson's representative at the interallied council, today wired from Paris to Premier Lloyd-George as follows:

"My sincere congratulations. No one has done more to bring about victory than you."

## CELEBRATION IS FITTING CLIMAX

Although lacking Spontaneity Of  
Morning Demonstration, it Joy-  
ously Closes Historic Day.

IMMENSE CROWD TAKES PART

Raleigh Home Guards, Red Cross,  
War Mothers, K. of C.'s and Other  
Organizations Participate.

Although Rush county's victory celebration last night lacked the spontaneity of the early morning demonstration, it was a fitting climax to the local events of the greatest day in history.

An immense crowd surged through the streets, joyously bringing to an end the day which meant so much to everyone. When the parade moved down through the business district of the city, the sidewalks and streets, except for a small lane in the center, were one solid mass of people.

The parade began moving about seven o'clock. First came the city officials, followed by the band, which was hastily organized by Arlington and Rushville players, and a company of Home Guards from Raleigh commanded by Fred Bills, captain. The Home Guard organization was given a big ovation all along the line of march. The company has been organized only about eight weeks, just received uniforms Sunday, but made a splendid appearance, drilling and making formations like veterans. M. C. Twineham is first lieutenant, Russell Baker is second lieutenant and Everett Black flag bearer.

The Knights of Columbus had a delegation of approximately fifty men marching, and school children, many of them dressed in grotesque costumes, made a big demonstration. Members of the Red Cross, wearing arm bands or the official head-dress, were out in large numbers. The War Mothers rode in automobiles provided by members of the organization and others.

Scores of bells temporarily installed on the hoods of automobiles, added to the din. Many motor trucks loaded with shouting school children and grown people, waving flags, and numberless decorated automobiles participated in the parade. Many townships were represented by delegations riding in decorated farm wagons.

A dilapidated hearse represented the funeral car of the kaiser and a sign on it intimated that he was in some place besides heaven.

The celebration soon ran out, people apparently having been worn out by the continued demonstrations during the day. A few late celebrators, led by drum corps, paraded the streets, until ten o'clock, but by nine o'clock most of the large crowd which was on the streets earlier in the evening, had disappeared.

A large platform was erected at the northwest corner of the court house lawn where the band played for a short time after the parade. A few extemporaneous speeches were made, but people were not in the mood for speeches, preferring rather to celebrate in their own way. The committee in charge of the arrangements believed that a set program of speeches would not be appropriate because the people knew that the happiest moment in their lives had arrived—and they knew the reason, which was enough.

The order of Mayor Irvin yesterday not to allow the shooting of firearms inside the city limits served as a "wet blanket" on the celebration. The noise that would have helped materially in making the demonstration fit the occasion, was lacking. Most people felt that the "lid" should have been lifted for the day, because there never will be another day that will bring so much happiness to so large a number of people.

The usual fireworks display was

## TELEGRAPHS THE PRESIDENT

King George Thanks Wilson For Part  
he Played in Winning War.

(By United Press.)

London, Nov. 12.—King George telegraphed President Wilson thanking him for his part in winning the war.

The message said: "I thank you and the people of the United States for the high and noble part which you have played in this glorious chapter of history and freedom."

Messages were also sent to the other rulers of the allied nations.

## H. E. BARRETT NAMED FUEL ADMINISTRATOR

Appointed to Succeed S. L. Trabue,  
Who is at Camp Taylor—First  
Order Received.

LIFTS LIGHTLESS NIGHT BAN

Howard E. Barrett was notified today that he had been appointed county fuel administrator to succeed Samuel L. Trabue, who has entered the artillery officers training school at Camp Taylor, Ky. It has been known for some time that Mr. Barrett was recommended for the appointment by the county council of defense, but the matter was not made public until the official appointment was received.

The first official instructions from the state fuel administration came in the form of a telegram announcing that the lightless night ban, which has been in effect on Monday and Tuesday nights, had been lifted. The message emphasizes that there is still necessity of conserving fuel and that electricity should not be wasted in extravagant outdoor lighting.

## HARRY PEA DIES FROM EFFECTS OF THE WOUND

Expires Monday Night at 10:30  
O'clock Following Accidental  
Shooting Sunday Morning

FUNERAL THURSDAY, 2 P. M.

Harry Pea, age thirty-one years, died at 10:30 o'clock last night at Dr. Sexton's hospital from the effects of a bullet wound accidentally inflicted early Sunday morning, during a scuffle, when Arnold Yazel was being placed under arrest. The bullet was fired from Deputy Sheriff Will Spivey's revolver. The officer was arresting Yazel, who is said to have threatened to take Pea's life following an altercation Saturday night at the Moose hall where Pea was giving a dance. The bullet penetrated his liver and left lung and it was thought from the first that he could not recover.

Deputy Sheriff Spivey has suffered intensely because of the unfortunate accident. He and Pea were very good friends and he regrets more than he can express that such a thing should happen.

Pea made a success running a motor truck and dray business here. He was a member of the First Presbyterian church and the Moose lodge. The deceased is survived by the widow, his parents, three brothers and three sisters. The funeral services will be held at the home in West Second street Thursday afternoon at two o'clock and burial will take place in East Hill cemetery.

BROTHER IS KILLED

Mrs. John S. Abercrombie received word yesterday at noon that her brother Sergt. Ralph Moore, had been killed at the front in France. Sergeant Moore was a member of a Sanitary Corps in Detroit, Michigan, before going overseas.

## ALL ARMY INDUCTIONS CANCELLED

Local Army Board Receives Tele-  
gram From Major Baltzell, State  
Conscription Officer.

AFFECTS ALL ARMY CALLS

Bulletin Regarding Navy and Marine  
Inductions Will be Forthcoming  
Very Soon.

PAUSES ON CLASSIFICATIONS

Local Board is Awaiting Official In-  
structions Before it Continues  
This Work.

(By United Press.)

Washington, Nov. 12.—No more questionnaires will be sent out by the draft board of the country, it was explained at the provost marshal general's office today.

Those which have been sent, however, it was added, must be filled out and returned to the draft board.

The local army selection board this morning received a telegram from Major Baltzell, state conscription officer, announcing that all inductions into the army under the nation's man power law were cancelled, including competent orders. It stated that a navy and marine bulletin will be forthcoming soon.

This means that no more Rush county registrants will be called for training either on regular calls or voluntary induction calls, except for the navy and marines. Although the board is without official instructions regarding the navy and marines, it is believed that more calls will be received for these two branches of the service.

Although dispatches from Washington say that no more registrants above thirty-seven years of age should be classified, according to the war department, the board here is awaiting official advice before proceeding with the classifications. Today's dispatches said that only registrants eighteen to twenty-one years of age should be classified.

Though 1,314 registrants of the 2, 245 in the September 12 class have been classified, none of them has been inducted into the service on regular calls. A few have been voluntarily inducted into the navy and marine and some branches of the army.

This morning's telegram means that the twenty-one registrants who were listed for voluntary induction into the motor transport service for overseas duty at once, will not be called. The call for eight men to be sent to Camp Wadsworth, South Carolina Friday, was cancelled yesterday.

The board was notified today that Fern Downey of Arlington and Jesse Grigsby of Richland had been rejected at the Interlaken school for training motor transport men, at Rolling Prairie, Ind.

## FATHER ACCIDENTLY KILLED

Miss Flora Gutapfel Receives News  
of His Death at Cincinnati

Miss Flora Gutapfel received word today that her father, John Gutapfel, had been killed accidentally at Cincinnati yesterday. Meager details were received to the effect that while riding a horse in a four horse team, he was thrown off and crushed. It is presumed by relatives that he was participating in a celebration over the end of the war and the horse frightened. Miss Gutapfel left today to attend the funeral.

**A TRIAL WILL CONVINCE YOU.**

**NOTHING** that we could say would so thoroughly convince you of the value of Chamberlain's Tablets as a personal trial. We can tell you of thousands who have been permanently cured of chronic constipation, indigestion, biliousness, sick headache and disorders of the stomach and liver, but this will have little weight with you as compared to a personal trial. That always convinces.

**Chamberlain's Tablets**

### A WALLED CITY OF WOMEN

A little sunny village has grown up inside a high wall in France within the last year. Its square flat houses stand in straight even rows and along one side of the city wall is a long dormitory for single women. There are many more of them than of the families in the drab little houses. The village is full of women—old, young, middle-aged—whose faces, hands and hair slowly are turning yellow from the powder which it is said will eventually affect their lungs. But most of them are refugees and the fact that they

Spanish Influenza can be prevented easier than it can be cured.

At the first sign of a shiver or sneeze, take

Standard cold remedy for 20 years—in tablet form—safe, sure, no opiates—breaks up a cold in 24 hours—relieves grip in 3 days. Money back if it fails. The genuine box has a Red top with Mr. Hill's picture. At All Drug Stores.

are giving up their good looks, their health, and perhaps their lives in the munition factory, is of little moment to them. They have come into the walled town from ruined villages and devastated farms with their frightened little children, their despairing old people, carrying all their earthly possessions in tiny bundles. In their individual lives there is no future; in all their world there is no interest but the conquest of the Hun.

No one comes into this little war community that centers around the big new munitions plant but those who work. Because of the danger and the blighting yellow powder, the work is highly paid and all the workers are volunteers.

The women wear overalls or apron dresses, some of black sateen, some nondescript. The dull garb harmonizes with the yellowing faces and despairing eyes.

Into this modern walled city of despair the Blue Triangle has flashed the first message of hope. The Y. W. C. A. foyer is the only recreational center within reach. The cars which find cafes at the end of the line a mile away, stop running at seven o'clock to save fuel. The city is three miles from the factory.

"My problem," writes the Y. W. C. A. secretary in charge, "is to keep the women occupied in the evenings, to give them good healthy amusement so that they will forget their sorrows and go to bed and sleep, physically tired out from playing."

She goes on to tell of some of the women and girls who come to the foyer:

"There is a pretty little round, rosy-cheeked girl here who is just beginning to show the effects of the powder. The roots of her hair and her forehead are a pale yellow. The palms of her hands are a deep burnt orange and her hands are arid and bright yellow."

"There is an ex-professional dancer, an interesting girl who enjoys the foyer and helps entertain the other girls. There is a professional pianist who does her bit at the noon and evening hours. There is one rough-and-ready girl who speaks English, whose father was an innkeeper in northern France. There is a pretty little girl who is engaged to a French soldier who still is rejoicing over the five minutes she had with him recently during an air raid. His mother is the caretaker here and he is one of six sons in the war. Two of them are German military prisoners, two are civil prisoners in Germany and two are soldiers in the trenches. Her home in the north of France was destroyed and she escaped with a small bundle of such things as she could carry in her hands."

"There is a sweet-faced girl who was a lacemaker in Valenciennes, who came direct to us from the German-ruled section after a hard experience in getting away."

These are the women the Blue Triangle is helping to forget—perhaps only for an hour at a time—the horrors that have blackened their hearth stones and darkened the world.

"My foyer," the secretary writes, "consists of a hall and two large rooms with cement floors. One has a writing table and paper, pens and ink, sewing machines, a cupboard with teacups in it, a large table with papers and magazines, easy chairs and my desk. The other room has a piano, more tables, chairs, ironing boards and a Victrola. There are unframed French pictures and American and French war posters around the room. The walls are painted gray and white."

Saturday evenings they sing and dance. "First they have a chorus," writes the secretary, "such as 'Le Reve Passe' or the 'Hymne des Aviateurs' or something equally thrilling, and at the final notes of triumph a voice at my ears begs, 'Un polka, mees.' The polka finished, there is a call for the 'Hymne Americain' and we sing the 'Star-Spangled Banner' (Le Drapeau Ettoile) in two languages."

These foyers have been established in several munition centers in France. Each one has a cafeteria, a recreation hall and rooms fitted up as rest rooms, writing and sewing rooms. At night these rooms are filled with French girls learning English, book-keeping or stenography, that they may work in the offices of the American Expeditionary Forces. In connection with each is a large recreation field or park.

At the request of the French ministry of war the Young Women's Christian association has opened club rooms for the sixteen thousand French women employed in the offices of the war department.

So successful has been the foyer work in France that a call has come from England to the American Y. W. C. A. to bring its Blue Triangle bus and foyers across the channel. The English Y. W. C. A. has established centers for munitions workers on a smaller scale, but after inspection of the American work in France the four English representatives to the Allies' Women's congress in Paris in August, officially requested that the American Y. W. C. A. undertake similar work in England.

### "No American May Refuse," Cardinal Gibbons Says

James Cardinal Gibbons, the leading Catholic churchman in America, has issued a strong appeal in support of the United War Work Campaign.

"It is an American campaign," he said. "Its appeal is one that no American may refuse. America's answer will be another triumphant announcement that we are in this war as one people and as one nation to see it through to victory. Into the splendid work of sustaining the morale of our fighting men the great social organizations of America have thrown themselves. The American people will raise the sum they ask—generously and gladly."

# Acid-Stomach Destroys Health, Vitality and Strength

Clean out the excess acid from your stomach—it creates poisons that drag you down, rob you of physical power and vitality, make you sickly, weak and unfit.

It's just excess acid—superacidity—that's ailing you. Learn what it must mean to have in your stomach excess acidity so powerfully destructive as to be able to create almost any ailment. For years dentists have been telling you that it's acid that eats off the hard enamel of the teeth and decays them. Think, then, of how much easier it must be for an excess amount of acid to play havoc with the delicate organization of the stomach. Just imagine how one must feel—how weak, unfit, tired, run down and sickly—when acid-stomach gains control. Also, what small chance one has of the recovery of robust health, happiness or success, if this acid is permitted to remain, creating greater and ever greater inroads on your health and strength day after day.

You must remove the excess acid if you want perfect health and strength.

Health that knows no aches or pains anywhere, that gives life a new zest and makes it really worth while. What unspeakable joy it is to have health like that! How you live every minute of the day! How soundly you sleep at night and how refreshed you feel in the morning! How keenly you relish your meals—with what enthusiasm and bounding energy you plunge into the day's work whether it calls for muscular activity or mental keenness—or both! That is the kind of health we all want and should have. It is your heritage. So don't let an acid-stomach deprive you of your health. Don't let it hold you back. Take the superacidity—acid-stomach—out of your system and back comes health, strength, vitality. Why? Because, by getting rid of the excess acid, you will be able to get the full strength out of the food you eat.

Some people think an acid-stomach merely causes indigestion, dyspepsia, bloating, heartburn, etc. That is a grave mistake. You simply have no idea of the long train of physical ills and awful human suffering that are directly traceable to acid-stomach. Rheumatism, Gout, Sciatica, Cirrhosis of the Liver, Biliousness, Anemia, Auto-intoxication, Intestinal Congestion, Severe Headache, Insomnia, Nervousness, Mental Depression, Melancholia, Dizziness, Heart Trouble—yes, even Catarrh, Ulcer and Cancer of the Stomach—all of these disorders can find their original source in that one condition—acid-stomach—superacidity.

So often you have heard the remark: "I've taken all sorts of tonics and medicines and tried many different doctors but nothing seems to help me." About nine times out of ten people making such a remark suffer from acid-stomach. Remove that excess acid and the results are truly wonderful. Health and strength return almost like magic.

You can now rid your stomach of its excess acid with a wonderful modern remedy called EATONIC which literally wipes it out. It does the work easily, speedily and thoroughly. It makes the stomach pure, sweet, cool and comfortable. It helps you get full strength out of every mouthful of food you eat; and unless you DO get full strength from your food you cannot enjoy robust, vigorous health.

Try EATONIC and see how quickly it banishes the immediate effects of acid-stomach—bloating, heartburn, belching, food-repeating, indigestion, etc. See too, how quickly your general health improves—how much more relish you take in eating—how much more easily your food is digested—how soundly you sleep—how nervousness and irritability disappear.

It is so easy to get this help—and it costs so little. So why suffer another hour when sure, quick relief is at hand? Everywhere people who have used EATONIC testify to its power to bring quick relief. The testimonials of some of these people are so enthusiastic and tell of such remarkable results as to be almost unbelievable.

If you are one of those who have "tried everything," but in spite of it are still lacking in physical strength and vigor, begin at once to take EATONIC. Don't put it off. Get back your physical and mental punch. Have the power and energy to work with vim. Enjoy the good things of life. Learn what it means to fairly bubble over with health. Like thousands of others, you will say that you never dreamed it possible that such a wonderful change for the better could be brought about so quickly.

So get a big box of EATONIC from your druggist today. We authorize him to guarantee EATONIC to please you and you can trust your druggist to make this guarantee good. If it fails in any way, take it back—he will refund your money. If your druggist does not keep EATONIC write to us and we will send you a big 50c box. You can send us the 50c after you receive it. Address H. L. Kramer, President, Eaton Remedial Company, Cor. Wabash Ave. and 11th St., Chicago, Ill.

### TANKAGE FEED IS PROFITABLE

MEANS SAVING OF CORN IN PUTTING THE POUNDS ON MR. PORKER QUICKLY.

By J. R. WILEY  
Swine Specialist, Purdue Extension Department.

Eighty-three and a half per cent of the cost of producing a hog is feed that is consumed, according to data recently obtained by the farm management department at Illinois University. This is a much higher percentage for feed than is the case with dairy cattle or beef cattle. So the biggest problem that we have in pork production is to handle our feeds in such a way that they return the maximum amount of grain. Especially during wartimes, when increased production of food necessities is so vital to our success, is it imperative that we make the most economical use possible of the feeds utilized for hogs. We must study to produce 100 pounds of pork with the smallest possible amount of feed.

The biggest opportunity for feed economy is in using balanced rations. We have talked balanced rations for a long time and yet no question has been asked us more frequently this summer: "Does it pay to feed high-priced tankage or other protein supplements to hogs?"

Ordinarily the farmer figures that he is getting a good pork return from corn alone if he obtains ten pounds of gain for each bushel of corn which he feeds. This means that the farmer who feeds corn alone calculates on feeding 560 pounds of corn for every 100 pounds of gain made by his hogs. Experimental work made at the various stations show that the farmer is about right in this estimate. If the hogs were given an opportunity to eat what tankage they want with the self-feeder along with the corn, they will consume about thirty pounds of tankage and 400 pounds of shelled corn for each 100 pounds increase in weight.

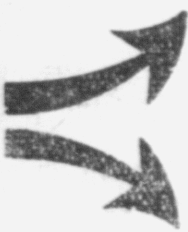

### How Corn is Saved.

This means that there is a saving of 160 pounds of corn from feeding thirty pounds of 60 per cent tankage in comparison to feeding corn alone.

In September it cost about \$1.50 to \$1.55 a bushel for corn, or \$55 a ton and tankage retailed in small lots to farmers at about \$110 per ton, so the farmer is paying twice as much a pound for tankage as the corn costs him, or thirty pounds of tankage cost as much as sixty pounds of corn. This still leaves a net corn profit from the buying and feeding of tankage amounting to 100 pounds for every 100 pounds of pork produced. In other words, for every \$1 invested in tankage the farmer receives about \$3.50.

We Sell the BEST 60% Tankage

J. P. FRAZEE

### Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins and poison-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject.

Remember inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.

## Why Compare Beef and Coal Profits?

Swift & Company has frequently stated that its profit on beef averages only one-fourth of a cent a pound, and hence has practically no effect on the price.

Comparison has been made by the Federal Trade Commission of this profit with the profit on coal, and it has pointed out that anthracite coal operators are content with a profit of 25 cents a ton, whereas the beef profit of one-fourth of a cent a pound means a profit of \$5.00 a ton.

The comparison does *not* point out that anthracite coal at the seaboard is worth at wholesale about \$7.00 a ton, whereas a ton of beef of fair quality is worth about \$400.00 wholesale.

To carry the comparison further, the 25 cent profit on coal is 3 1/2 per cent of the \$7.00 value.

The \$5.00 profit on beef is only 1 1/4 per cent of the \$400.00 value.

The profit has little effect on price in either case, but has less effect on the price of beef than on the price of coal.

Coal may be stored in the open air indefinitely; beef must be kept in expensive coolers because it is highly perishable and must be refrigerated.

Coal is handled by the carload or ton; beef is delivered to retailers by the pound or hundred weight.

Methods of handling are vastly different. Coal is handled in open cars; beef *must* be shipped in refrigerator cars at an even temperature.

Fairness to the public, fairness to Swift & Company, fairness to the packing industry, demands that these indisputable facts be considered. It is impossible to disprove Swift & Company's statement, that its profits on beef are so small as to have practically no effect on prices.

Swift & Company, U. S. A.

## Good Sports—Not Tin Sports.

It seems almost irreligious to compare Christmas giving with bar-room treating. But in one of its forms the institution hardly reaches a higher plane.

Smith treats Jones because he has met him on the sidewalk and wants to show that he feels friendly. Neither of them wants a drink.

Jones buys back to show he isn't a tightwad. Then Smith buys to show that he didn't buy the first

drink just to get one in return. So Jones buys to reciprocate.

Brown walks in, and, being a regular, he has met Smith there before. So he buys for the crowd; and then each of the other two buys. Reciprocity again. And then it's Brown's turn.

This isn't a lecture on prohibition, but on expenditure. The flood of chemical fluid that Smith, Jones and Brown pour into themselves may not hurt them, but it wastes their money and gives them no fun. They all know they don't want it, but they spend to show they aren't tightwads.

Christmas present given for the same purpose are a desecration of the institution. The motive is a selfish one to start.

Let us give to impart pleasure. The U. S. government is our warrant for it.

A world war may dethrone kings, but it cannot dethrone the King of kings. Dynasties are for an open epoch, but the doctrine and spirit of Christmas are for eternity, and the government has not planned to abolish the indestructible.

It has merely told us to buy what the other fellow needs. He can't feel insulted if we give him an order on a local store for a new hat—he can easily get even by insulting us with an order for a pair of shoes. And we can all benefit Rushville by buying right here in town.

Keep the place going. Local army man and many other Rushville boys will come back before long, and they won't want to see strange names over any of the stores. Show them that we all did business at the old stands while they went to insure the safety of our homes.

And do your buying now. Don't let us have any overworked store clerks in Rushville during the greatest of all festivals.

Everything is comparative. Three pounds of sugar per person per month seems like luxury now.

Before an election each party is busy explaining why it must inevitably carry the election. The other party is just simply busy.

By the way, we were supposed to abstain from parties of all kinds until after the war was over and the troops came home. Then why not from political parties?

## GOES TO PANAMA

Lieutenant Joe Hitt, son of Mr. and Mrs. William Hitt living south of the city, was one out of sixty selected from an aviation training camp in Texas to go to Panama as an instructor, according to word which has been received by his parents.

## BUY THRIFT STAMPS

Says General Pershing, referring to one of the war work organizations:

"A SENSE of obligation for the varied and useful service rendered to the army in France . . . prompts me to join in the appeal for its further financial support. I have opportunity to observe its operations, measure the quality of its personnel and mark its beneficial influence upon our troops, and I wish unreservedly to commend its work for the army."

—General Pershing

## UNITED WAR WORK CAMPAIGN

This space is donated by The Peoples National Bank

Remainder of Armistice  
Terms Signed by Germany

The remainder of the armistice terms signed by Germany, relating to the disposition of the eastern frontiers of Germany, to East Africa and naval conditions, which were not published in the Republican yesterday, areas follows:

12. All German troops, at present in any territory which before the war belonged to Russia, Roumania, or Turkey, shall withdraw within the frontiers of Germany as they existed on August 1, 1914.

13. Evacuation by German troops to begin at once and all German instructors, prisoners and civilians as well as military agents now in the territory of Russia, as defined before 1914, to be recalled.

14. German troops to cease at once all requisitions and seizures and any other undertakings with a view to obtaining supplies intended for Germany in Roumania and Russia, as defined on August 1, 1914.

15. Abandonment of the treaties of Bucharest and Brest-Litovsk and of the supplementary treaties.

16. The allies shall have free access to the territory evacuated by the Germans on their eastern frontier.

17. Unconditional capitulation of all German forces operating in East Africa within one month.

## Threatened With Pneumonia.

Mrs. Mary Kisby, 3533 Princeton Ave., Spokane, Wash., writes: "I was sick in bed with la grippe and threatened with pneumonia. I coughed so very bad. I sent and got a bottle of Foley's Honey and Tar Compound and it stopped my cough and I got better, so now I am around the house. I am 75 years old and can say as long as I live I will praise your medicine." Thousands of men, women and children can testify to splendid results obtained with Foley's Honey and Tar in treating coughs, colds, croup and whooping cough. F. B. Johnson.—Adv.

Get Rid of That  
Persistent Cough

Stop that weakening, persistent cough or cold, threatening throat or lung affections, with Eckman's Alternative, the tonic and upbuilder of 20 years' successful use. 50c and \$1.50 bottles from druggists, or from ECKMAN LABORATORY, Philadelphia

## PAY TELEPHONE TOLL

Don't overlook to pay your telephone toll before Nov. 12 if you wish to avoid paying 15 cents extra for collection. No notice will be given by telephone. M. V. Spivey, Secretary.

18. Repatriation without reciprocity within a maximum period of one month of all civilians interned or deported who may be citizens of other allied or associated states.

19. Reparation for damage done. While such armistice lasts, no public security shall be removed by the enemy which can serve as a pledge to the allies for the recovery or reparation for war losses.

20. Immediate cessation of hostilities at sea and definite information to be given as to the location and movement of all German ships.

21. All naval and mercantile prisoners of war of the allied and associated powers in German hands to be returned without reciprocity.

22. Surrender to the allies and the United States of 160 German submarines, including submarine cruisers and minelaying submarines with complete armament and equipment in ports which will be specified.

23. The following German warships which shall be designated by the allies and United States shall be forthwith disarmed and thereafter interned in neutral ports or in allied ports.

Six battle cruisers, ten battleships, eight light cruisers, including two mine layers, 50 destroyers of most modern type.

All other warships are to be concentrated in German naval bases and are to be disarmed.

24. The allies and the United States shall have the right to sweep up all mine fields and obstructions laid by Germany outside German territorial waters and the positions of these are to be indicated.

25. Freedom of access to and from the Baltic to be given to the naval and merchant marine of allied and associated powers.

26. The existing blockade conditions set up by the allies and associated powers to remain unchanged.

27. All naval aircraft are to be concentrated and immobilized in German bases.

28. In evacuating the Belgian coast and ports, Germany shall abandon all ships, all arms and stores of all kinds.

29. All Black Sea ports are to be evacuated by Germany. All Russian war vessels seized by Germany in the Black Sea are to be handed over to the allies and the United States. All neutral vessels seized are to be handed over by Germany.

30. All merchant vessels in German hands belonging to the allied and associated powers are to be restored in ports to be specified by the allies and the United States of America without reciprocity.

31. No destruction of ships or of materials to be permitted before evacuation, surrender or restoration.

32. The German government will notify the neutral governments of the world, and particularly the governments of Norway, Sweden, Denmark and Holland, that all restrictions placed upon the trading of their vessels with the allied and associated countries, whether by the German government or by private German interests, and whether in return for specific concessions such as the export of shipbuilding materials or not, are immediately canceled.

33. No transfers of German merchant shipping any description to any neutral flag are to take place after signature of the armistice.

34. The duration of the armistice is to be thirty days, with option to extend. During this period, on failure of execution of any of the above clauses, the armistice may be renounced by one of the contracting parties on forty-eight hours' previous notice.

35. This armistice to be accepted or refused by Germany within seventy-two hours of notification.

## MRS. GLEN MILLER IS DEAD

Expires From Toxine Poison Following the Influenza

Mrs. Jennie Miller, age 40 years, wife of Glen Miller, died at her home in West Fourth street last evening about nine-thirty o'clock from toxine poison following the Spanish influenza. She was a member of the Mahoning Council, Degree of Poehantons. The deceased leaves a husband and step-father and mother, Mr. and Mrs. William Trennepohl, and one brother Fred Wachendorf of this city. The funeral services will be held tomorrow afternoon at 2 o'clock at the house and burial will take place in East Hill cemetery.

## The Biggest Money-Maker on the Farm

Every good farmer MUST have a plow, a cultivator or a wagon and some other things. He cannot raise a crop without a plow, but he can raise a crop, such as it is, without a manure spreader.

All farmers buy plows, cultivators and wagons because they have to, just as the small boy goes to school because he is compelled to.

When a boy grows big so he knows the value of schooling, he goes because he wants to. When a farmer grows big to know the value of a manure spreader and how many more bushels it will make each of his acres produce, he buys it, not because he is compelled to, but because he knows it is the best money-maker he can put on his farm.

If our country demands more food, if we must feed besides the people of our own United States, many of the peoples of the belligerent countries, our duty is plain—we must make every acre produce to its limit. There is no machine that will increase the otherwise normal output of any acre of ground as much as the manure spreader. There is no machine made today that will INCREASE the food production of this country as will the spreader. There is no manure spreader made that will come nearer the ideal or perfect machine than the RUSHVILLE SPECIAL Spreader you will find on our sample floor. Come in and see it.

C. H. Tompkins

RUSHVILLE, INDIANA.

**Mrs. Jones Tells How PEPSINCO Helped Her Stomach!**

I just suffered everything. Nothing agreed with me at all. A few minutes after eating I had pain, sourness and as a rule would belch bad tasting stuff.

I tried doctors; I tried medicines; all without effect. Pepsinco was recommended. I honestly believe that I can thank Pepsinco for my good health to-day.

I can eat anything and I am without pain. I would suggest that if there is anything wrong with your stomach, that you go to any drug store and get a small package of Pepsinco.

The above is a testimonial from a party who followed the advice of a friend. Suppose you do the same.

## BOYS WILL FIGHT THE CASE

To Demand Jury to Hear Charges That They Shot Revolvers.

Three boys were arrested yesterday, charged with shooting revolvers inside the city limits. Harry Hackman, one of three charged with the offense, said today that he expected to fight the case and would demand a jury trial. Bishop Goodin and Horace Pearsey, the other two arrested, will likely take similar action. The cases were set for this afternoon at four o'clock, but will have to be postponed because the case against Arnold Yazel, charged with public intoxication, is set for the same hour. Public sentiment apparently is against prosecution because of the use of firearms at the victory celebration, even though the practice is dangerous.

## LIEUT. BLACKLIDGE WRITES

First Letter Since he Arrived Overseas Received Today.

Mr. and Mrs. John Blacklidge of this city received their first letter today from their son, Lieut. Allen Blacklidge, who left here with old Company B for Hattiesburg, Miss., and was stationed there with the 139th Field Artillery before embarkation for overseas. Lieut. Blacklidge has been sick with the Spanish influenza ever since he landed and was able to be out at the time the letter was written, October 24. Lieut. Blacklidge is now attending training school in France.

## HOUSE CATCHES FIRE.

The roof was burned off the house occupied by a family named Rainey in Carthage this morning about nine o'clock. The damage is estimated at \$200. It is believed that the fire started from a defective flue. The Carthage auto fire equipment soon extinguished the blaze.

Decide NOW what you SHOULD GIVE to the United War Work Fund.

# WAR or NO WAR!

## DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet—colds of the chest (it often prevents pneumonia). It is always dependable.

30c and 60c jars; hospital size \$2.50.

## Spotted POLAND CHINAS

Sugar Grove Stock Farm, 4 1/4 miles west of Rushville, 2 1/2 miles east of Arlington. 1 & C. traction stop 26. All cars stop on day of sale

### Saturday, Nov. 23, 1918

SALE BEGINS AT NOON

The Spotted Polands is not a new breed of hog, older men will tell you they were the first Poland hogs imported here in this country. They are prolific, with good backs and a springy rib which enables them to carry the pounds. They are the kind that feed at any age and make a large and profitable hog for the farmer to raise.

SALE TO BE HELD RAIN OR SHINE in our new sale pavilion and hog barn. Come and inspect one of the best built farms in the Middle West. We will be glad to have everybody who is interested in the growing of swine to attend, as there is room for all. Come and look these hogs over before the sale. I can refer you to several Rush county men who have crossed them with other hogs for feeding purposes, and a number who have the pure bred ones from this herd.

### GEORGE W. REEVE

Auctioneers: Col. Figgs, Henderson, Taylor and Dusty Miller.

All cars will be met at Stop 26 up until noon.

Lunch furnished by Ladies Aid of Arlington M. E. Church.

## HOW WEAK, NERVOUS WOMEN QUICKLY GAIN VIGOROUS HEALTH AND STRONG NERVES 7 A DAY FOR 7 DAYS

A Vigorous, Healthy Body, Sparkling Eyes and Health-Colored Cheeks Come in Two Weeks, Says Discoverer of Bio-feren.

World's Grandest Health Builder  
Costs Nothing Unless It Gives to Women the Buoyant Health They Long For.

It is safe to say that right here in this big city are tens of thousands of weak, nervous, run-down, depressed women who in two weeks' time could make themselves so healthy, so attractive and so self-motivated that they would compel the admiration of all their friends.

The vital health building elements that independent women lack are all supplied in Bio-feren.

If you are ambitious, crave success in life, want to have a healthy, vigorous body, clear skin and eyes that show no dullness, make up your mind to get a package of Bio-feren right away.

It costs but little and you can get an original package at any druggist anywhere.

Take two tablets after each meal and one at bedtime—seven a day for seven days—then one after meals till all are gone. Then if you don't feel twice as good, look twice as attractive and feel twice as strong as before you started your money is waiting for you. It belongs to you, for the discoverer of Bio-feren doesn't want one penny of it unless it fulfills all claims.

Note to Physicians: There is no secret about the formula of Bio-feren, it is printed on every package. Here it is: Lecithin; Calcium; Glycero-phosphate; Iron Peptonate; Manganese Peptonate; Ext. Nux Vomica; Powdered Ben-tan; Phenolphthalein; Oleoresin Capsicum; Kolo.

Elderly people, tired out and weakened with coughing, will find great help and comfort in

**FOLEY'S HONEY-TAR**

It relieves those chronic coughs, usually bronchial in character, and puts a soothing healing coating on a dry and tickling throat. It raises phlegm easily.

George Perry Randall, Dayton, Nevada, in his 87th year writes: "I take Foley's Honey and Tar for coughing and tickling in the throat. Sometimes the spell of coughing would last from five to ten minutes. I am very glad to tell you that Foley's Honey and Tar has stopped all that, and also the tickling."

F. B. JOHNSON

were Mr. and Mrs. John Keller and daughter Sofa, of Indianapolis, and Mr. and Mrs. John Bloomberg and son Robert, of Indianapolis.

Mrs. A. C. Brown entertained the members of the O. N. T. club this afternoon at her home in North Morgan street.

The members of the Psi Iota Xi sorority will be entertained this evening at the home of Miss Alma Green in East Sixth street.

The members of the S. E. T. club will be entertained tomorrow afternoon at the home of Miss Alice Norris in North Harrison street.

The members of the Ben Davis Creek Missionary society will meet tomorrow afternoon at one o'clock at the home of Mrs. Sarah Austin.

Mrs. John Boyd will be a gracious hostess tomorrow afternoon at her home for the members of the Band of Workers of the First Presbyterian church. All members are urged to be present for business of importance is to be discussed.

The Pleasant Ridge Ladies Aid

**Social Calendar, Wednesday**

Miss Alice Norris, 623 North Harrison street, entertained in the afternoon the S. E. T. club.

Ben Davis Creek Missionary society in the afternoon with Mrs. Sarah Austin.

Band of Workers of First Presbyterian church with Mrs. John Boyd in Circleville, in the afternoon.

Pleasant Ridge Ladies Aid Society and Red Cross, with Mrs. Rue Webb in North Jackson street, in the afternoon.

Woman's Relief Corps at 2 p. m. in the G. A. R. room.

Society and Red Cross will meet with Mrs. Rue Webb at her home in North Jackson street tomorrow afternoon.

Mr. and Mrs. George Austin entertained Sunday at their country home with a prettily appointed dinner. The table was adorned with a bouquet of chrysanthemums, where the bounteous dinner was served. The guests for the occasion were Mr. and Mrs. L. B. Osborne and their house guest, Mrs. Ben Crull of Los Angeles, California.

The members of the Woman's Relief Corps will have their regular meeting tomorrow afternoon at 2 o'clock at the G. A. R. room and all members are urged to be present.

The members of the Ladies Musical will have their first meeting of the season Thursday afternoon at the St. Paul M. E. church at 2:30 o'clock. It will be devoted to a business meeting and a musical program, which will begin promptly at 3 o'clock. All members are urged to be present and the active members to be on time.

iff of Shelby county, for an injunction and a quiet title.

Mr. and Mrs. John Simmerman have received word from their son, Corporal Virgil E. Simmerman, who is now in France that he has been promoted to the rank of a sergeant.

A seven pound girl was born yesterday to the wife of Donnie Hilligoss. The child has been named Norma Irene. Mrs. Hilligoss was formerly Miss Mabel Krammes living west of the city.

Miss Ramona Norris of Carthage fell out of her buggy, which was in front of Dr. Sipe's residence last Thursday afternoon. Her arm and shoulder were broken, but the injury is thought not to be serious.

Lieutenant George DeHority, who is well known here, and who has been stationed for some time at Camp Grant, Rockford, Ill., has received orders to proceed to Palo Alto, California, Friday, where he will be an instructor in the officers' training school connected with Camp Fremont. His wife, who was Miss Louise Mauzy, and son Charles, will accompany him. Mr. and Mrs. Charles Mauzy went to Rockford, Ill., yesterday to be with them before their departure.

**WOUNDED OCTOBER 10**

Corporal Jerome Caron, son of Mr. and Mrs. Charles J. Caron, was wounded in action on the west front, October 10, according to a letter written October 12 and received by his parents today. They received a letter from him last week which was written October 15 and then thought it strange he did not specify the day on which he was wounded. He received a bullet wound in the right hip.

**BUY THRIFT STAMPS**

**Heat Control**  
and a saving of fuel

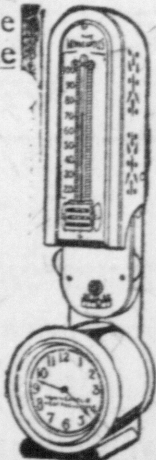

This device takes complete and accurate charge of the drafts and dampers of any style of heating plant, hot water, hot air, steam, vapor or vacuum.

The real comfort and health it affords in rightly and evenly heated rooms is worth every penny of the cost and during a lifetime of continual and dependable service repeatedly repays its purchase price in a daily saving of fuel.

**THE MINNEAPOLIS HEAT REGULATOR**  
"The Heart of the Heating Plant"

The action is entirely automatic at all times and the clock attachment can be easily adjusted so that it will operate for an exact lower degree for the night and again in the morning at any set hour operate for a return to the normal daytime temperature.

of the Circuit Court of Rush County, Indiana, for not less than the appraised value thereof and upon the following terms: one-third of purchase price in cash on day of sale; one-third in six and the remaining third in twelve months from the day of sale; the purchaser, however, retaining the privilege of paying all of said purchase price in cash on day of sale. The deferred payments to be evidenced by notes executed by purchaser, drawing 6 per cent interest from date, subject to valuation and appraisal of laws, and providing for attorney fees. LAJAVANCHE McNAMARA, Trustee. Thomas M. Green, Attorney. Nov-12

COMMISSIONER'S SALE OF REAL ESTATE

The undersigned commissioner, by virtue of an order of the Rush Circuit Court, made and entered in a cause therein pending, entitled Lorenz Davis vs. his friend, Archibald Davis vs. Laura Joyce Stamm, et al, and numbered 1653 upon the docket thereof, hereby gives notice that at the law office of Klinger & Smith, Rushville, Indiana, on **SATURDAY, the 7th DAY OF DECEMBER, 1918,** at two o'clock p. m. of said day, he will offer for sale at private sale and at not less than the full appraised value thereof, the following described real estate situated in Rush County, Indiana, to-wit:

Commencing at a point forty poles and seven and one-half feet east of the northwest corner of the southwest quarter of section nine, township fourteen north, range eleven east and running thence east on the north line of said quarter, sixty rods and seven and one-half feet to a stake, thence south to a south line of said quarter to a point one hundred poles east of the southwest corner of said quarter, thence west on said south line sixty rods to a point, forty poles east of said southwest corner, of said southwest quarter, thence north to the place of beginning. Also the following, beginning fifty-eight poles north of the southwest corner of the southwest quarter of said section, town and range, and running thence east forty rods and seven and one-half feet more or less to the east line of the land owned by Hietz and Robert B. Coon, thence north twenty feet, thence west forty poles and seven and one-half feet to the west line of said tract, thence south twenty feet to the place of beginning; also a tract of land containing sixty acres more or less of the east side of the southwest quarter of section nine, township fourteen, range eleven, more particularly described as commencing at a point on the north line of said quarter one hundred rods and seven and one-half feet east of the northwest corner of the quarter, thence running east sixty rods, more or less to the northeast corner of the quarter, thence south along the east line of the quarter to the southeast corner of a hundred and sixty rods more or less, thence west sixty rods more or less, thence north a hundred and sixty rods more or less, to the place of beginning.

This is a square tract of land, contains one hundred twenty (120) acres and is located about two miles south of Falmouth in Union township, and is a very fertile and desirable tract of land.

**TERMS OF SALE**—One-half of purchase price in cash, balance in one (1) year, deferred payment to bear six per cent interest from date, evidenced by note of the purchaser and secured by first mortgage on the real estate sold. Purchaser to have the privilege of paying all cash. Possession will be given on or before the day of sale.

LET THESE COLUMNS BE YOUR GUIDE

**Detroit Weatherproof Detachable Tops**

They are designed to afford motoring comfort in Winter as well as Fall and Summer.

They transform your Ford in a few brief seconds to a warm—absolutely storm-tight from windshield to rear window—brilliantly lighted limousine.

For the Ford driver who has considered winter driving a hardship rather than a pleasure, this patented all-weather top will be most acceptable as it eliminates instantly all his former hardships.

No bothersome side curtains to adjust in the biting cold or blinding snowstorms. The weatherproof top becomes an integral part of your Ford at a very reasonable cost.

### OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head  
and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

### Important Notice!

The Rush County Farmers Insurance Association's annual meeting that was to have been held October 12, 1913, and postponed on account of the prevailing epidemic will be held in the sheriff's office at Rushville, Indiana, November 16th, 1913, at 1:00 o'clock p. m. Said meeting will be for the election of officers for the next ensuing year and for the transaction of such other business as may come before said meeting.

W. A. Alexander, President.  
L. R. Webb, Actuary.  
Nov 6-7-8-9-12

### A FITTING CLIMAX CELEBRATION HERE IS

Continued from Page One  
missed, but the committee found it impossible to get any great amount of torches because the affair was arranged in such short order.

The request to light and decorate home was complied with. All along the line of march and elsewhere in the city, residences glowed, each window reflecting a bright shaft of light.

### \$600,000,000 FOR NAVY.

(By United Press.)  
Washington, Nov. 12.—Indicating determination to go ahead with the great naval program outlined recently by Secretary Daniels, the navy department today sent to congress a request for \$600,000,000 to be utilized in building ten battle-ships, six battle cruisers and 140 smaller vessels.

### MANILLA TO CELEBRATE.

Manilla will hold a victory celebration tonight and is preparing to entertain a big crowd. The Arlington band has been engaged and three or four drum corps have been organized to help out with the noise-making.

### J. W. BROWNING DIES

John W. Browning of Indianapolis, age 76 years, died at his home in Indianapolis, Monday night. The remains were brought here on the I & C traction car this morning and taken immediately to the cemetery north of Orange for burial.

### IN MEMORIAM.

The reaper death has again been abroad in our midst and this time it was the ripened sheaf gathered into the garner.

Thursday morning, October 31, 1913, John M. Beaver passed from life after a short illness. In his death this community has lost a noble hearted citizen and the sad news brought sorrow to many hearts.

The son of Elijah and Ann Elizabeth (Rhodes) Beaver, he was born on a farm near Pinhook, in Noble township, Rush county, Indiana, January 19, 1842, thus was aged 76 years, 9 months and 11 days. He was one of a family of nine children, but two of whom now survive, George H. Beaver of Rush county, and Mrs. Martha Todd of Indianapolis. Mr. Beaver grew to manhood on the home farm in Noble township. Here he acquired what meagre learning the schools of that day afforded. Though his own opportunity for study was limited he was always an ardent friend of education.

On October 23, 1867, he was united in marriage to Mary Emma Stewart of Wabash county. This union was one of great happiness and for fifty-one years this devoted couple had shared the joys and sorrows of wedded life.

Mr. and Mrs. Beaver located in Wabash county, but lived there only two years when they came back to this part of the state and lived on a farm near Falmouth in Fayette county. In 1876 they moved to their present home where they have since lived.

Of the five children born to them, one died in infancy. The four who today with their mother mourn the loss of this dear one are Mrs. Orpha E. Cook, Hugh, Chester and Raymond Beaver. There are also eleven grandchildren and one great grandchild.

Mr. Beaver was fortunate in having two of his sons with their families locate in homes adjoining the parental roof-tree and derived much pleasure in the society of these beloved grandchildren. Paul, always a favorite, was grandpa's chum and their comradeship was beautiful to see.

In his young manhood Mr. Beaver joined the Methodist Episcopal church and from that time he was an earnest, sincere but unassuming christian exemplification in his daily walk the teachings of the christian religion. He had long held membership in the church at Glenwood, where he was a regular attendant of all the services and a generous contributor to its financial support.

He had lived a good, honest, useful life so when the final summons came he was ready. He fell asleep Sustained and soothed by an unfaltering trust  
Like one who wraps the drapery of his couch  
About him, and lies down to pleasant dreams.

### OFFICIAL FOOD NEWS

By Dr. Harry E. Barnard, Federal  
Food Administrator for Indiana.

Purchases of sugar for family use may be made monthly hereafter upon the basis of the three pound per person ration. This regulation succeeds that for bimonthly purchases on the two-pound per person per month basis.

Hotels and restaurants are subject to an interpretation of the three pounds per ninety meals sugar ration by the following: "In no event shall the amount of sugar served to any person at any one meal exceed one-half an ounce." One teaspoonful of sugar or its equivalent may be served for tea or coffee, plus one teaspoonful for fruit or cereal (not for both) and one small lump for demitasse.

Bean packers throughout the country will be allowed to operate at normal capacity for the three months beginning today. The Food Administration announces that it is assured of sufficient tin-plate to permit the packing of beans in normal quantities.

Canners will be allowed to use up all odd-sized tins now on hand, but additional purchases of tins smaller than the number two size will not be permitted. The canners will not be allowed to contract for more than a three months' supply of either cans or beans, nor will shippers be allowed to sell beans to canners without first securing Food Administration permits.

Carr & Crosby of the Centilever hotel, Ft. Wayne, were permitted to pay \$50 to the United War Work fund, in Allen county, for having used double their sugar allotment for October.

## AMERICAN WOMEN LEAD THE WORLD

They Have Beauty, Health  
and Brains

"A really beautiful woman is always a healthy woman," remarked one of our noted beauty specialists, "for true beauty comes from the blood and strong, steady nerves." Rich, red blood, the fountain of life and youth, shows itself in a clear rosy skin, solid flesh, fine form and a keen bright mind. Red blooded women with strong nervous vitality, are sought after by men; they are the hope and leaders of the world.

American women lead the world in health, beauty and intelligence, and their number is increasing. They have learned the value of Iron and Phosphates in keeping them in perfect condition. "The number of weak, pale, fagged out, run down and nervous women is bound to decrease rapidly, once the power of Phosphated Iron becomes more generally known," said a leading doctor. "There is not a reason in the world why women should not be strong, happy and a joy to look upon when the remedy is at hand. Phosphated Iron has accomplished wonders with my patients. It has restored health, vitality, strong nerves and happiness to whole families. It's the healthy, red, iron blooded, strong, phosphate-fed nerve men and women that enjoy life and lead in every work." Think it over! To insure doctors and their patients getting the genuine Phosphated Iron we have put in capsules only, so do not allow dealers to substitute pills or tablets. Insist on capsules.

## PRESIDENT SAID TO FAVOR MODIFICATION OF THE TERMS

Suggests German Ships be Freed For  
Carrying Needed Food to Central  
Empires

NOW LIE IDLE IN HARBORS

Armistice Provides They Shall Be  
Seized if They are Found in Open  
Seas

MURDER STORY UNCONFIRMED

Reports Received That Former Ger-  
man Crown Prince was Captured  
and Shot.

(By United Press.)

Washington, Nov. 12.—The note of Dr. Solf, German minister of foreign affairs, directed to this government as an appeal for "mitigation of armistice conditions imposed by the allies upon Germany," was delivered to Secretary Lansing this afternoon by the Swiss minister.

The German situation changed the whole program of peace, and may serve to change in some ways the application of the armistice terms.

One modification in the armistice terms is believed likely in the matter of freeing German ships now idle in their harbors. The armistice terms would make these subject to seizure but President Wilson has suggested they should be made available for carrying needed food supplies to the central empires.

May Make Metz Headquarters.

Paris, Nov. 12.—That French general headquarters will be transferred to Metz, within ten days, was the general belief expressed here today.

A Paris paper said it understands the allied premiers will soon meet in Versailles to consider the peace problems.

There is a strong probability that the peace conference will be held there.

Discussions of the terms in Marshal Foch's sleeping car lasted from 1 to 5 a. m. Monday.

The German delegates made no concessions over points they knew it was useless to discuss, but asked minor concessions.

The armistice, however, was signed as first dictated by Foch.

The delegates were reinforced by four specialists to press the necessity of feeding Germany.

The described food conditions as critical.

Gen. Winterfeldt wept bitterly when he signed the document.

Bill's Whereabouts Unknown.

London, Nov. 12.—Conflicting reports were received today regarding the present whereabouts of William Hohenzollern and what disposition the Dutch government would make of his person. It was generally agreed, however, that he would be interned if such action had not been taken.

Emperor Charles Abdicates.

Copenhagen, Nov. 12.—Dispatches today from a private source in Vienna declared that Emperor Charles had abdicated.

Grand Duke Arrested.

Amsterdam, Nov. 12.—The grand duke of Hesse has been arrested, according to reports received here today.

Urges Ships Run For It.

London, Nov. 12.—The German wireless has recommended that German merchant ships run for the nearest port.

By the terms of the armistice, the allied blockade is still in effect and all German merchant vessels found at sea will be seized. The wireless probably refers to the Baltic and Black Sea, which the allies had not been able to penetrate before hostilities ceased.

REPORTS CROWN PRINCE  
WAS SHOT UNCONFIRMED.

Paris, Nov. 12.—Unconfirmed dispatches from Germany received by way of Amsterdam today announced that German soldiers arrested the former German crown prince and shot him.

## PREPARE FOR FURTHER HEAVY TAXES, HE SAYS

Secretary McAdoo Warns There Will  
Be More Liberty Loans to Meet  
Financial Burdens.

FURTHER CREDITS FOR ALLIES

(By United Press.)

Washington, Nov. 12.—The chaotic condition of world finance makes it necessary for the American people to prepare for further heavy taxation and bond issues, Secretary McAdoo warned today.

"We do not know exactly where we stand," said McAdoo. "We know there are hundreds of millions yet which the war department must spend but we don't know how long the heavy burden will last. Of this much we are sure, there must be Liberty loans and there must be a long season for heavy taxes."

Further credits are expected to be made to the allies.

## SERGEANT OWENS RECOVERS

Former Rushville Boy is Treated in  
5 Different Hospitals

Sergeant Frank Owens of the Second division has recovered from a long illness and likely participated in the final offensive of the Americans against the defeated German armies. According to a letter from him which was written October 12, received by his parents, Mr. and Mrs. H. C. Owens, he was just being discharged from Base Hospital No. 15. Sgt. Owens said that he had been in five hospitals, three American and two French, and that he expected to go back to the front line soon. He did not state the nature of his illness.

## MRS. EMIZETT SUTTON DIES

Aged Carthage Woman Expires at  
the Home of Her Daughter.

Mrs. Emizette Sutton, age eighty-five years, for fifty years a resident of Carthage, died at the home of her daughter, Mrs. Mary Wilcutt at 2:30 o'clock of a complication of diseases following an illness of five weeks. She is survived by two children, Mrs. Nora Wilson of Carthage and Henry Sutton of Carthage, in addition to Mrs. Wilcutt. Five grandchildren and three half brothers, Drury Holt of Carthage, John Holt of Spiceland and Henry Holt of Indianapolis, are also survivors. The funeral will be held at the Wilcutt home tomorrow afternoon at two o'clock and burial will take place in the Carthage cemetery.

## ROOSEVELT IN HOSPITAL

New York, Nov. 12.—Col. Roosevelt is in the Roosevelt hospital here today suffering from an attack of lumbago. Physicians said his case is not serious.

## MAY BUILD AUTOMOBILES.

Washington, Nov. 12.—Automobile manufacturers probably will be permitted to resume production of passenger cars after January 1. This intimation was made at the war industries board today.

## FOR RECONSTRUCTION WORK

German Prisoners of War May Be  
Utilized in Building up Counties

(By United Press.)

Washington, Nov. 12.—German and Austrian prisoners of war will probably be utilized in rebuilding territories devastated by the enemy. This course is justified, it is pointed out, in view of the damage done by the central powers in occupied territory, and also by the fact that Germany took Belgians and French into her own country to work during the war.

## WAR WORK DRIVE IS STARTED IN EARNEST

Celebrations Monday Over End Of  
War Delays Canvassers First Day  
Day of the Campaign

FACTORY GIRLS RAISE \$237

Canvassers began in earnest today to cover their districts to solicit contributions for the United War Work campaign. The celebration over the end of the war yesterday delayed the beginning of the campaign, which is expected to go forward not with renewed energy. Decatur county went over the top yesterday and it is hoped that Rush county will not lag behind other counties in the district.

Glove factory girls added a total of more than \$237 to the Rush county fund through their efforts yesterday. They themselves contributed \$150.50 and raised the remainder by carrying a flag through the streets soliciting contributions of any size.

## MUST CONSERVE FOOD ALONG NEW LINES NOW

Food Administrator Hoover Says  
Famine Conditions in Europe  
Make This Necessary.

MUST DO IT FOR OWN SAFETY

(By United Press.)

Washington, Nov. 12.—Warning against famine and anarchy in Europe, food Administrator Hoover today declared the American people must conserve food along new lines that Europe may be fed.

"Famine," he said, "is the mother of an anarchy. If we value our own safety and the social organization of the world, if we value the preservation of civilization itself, we can't sit idly by and see the growth of this cancer in the world's vitals."

He declared there are conditions of a famine of Europe, "that will be beyond our power to remedy. There are forty million people in north Russia to whom I fear little access with food can be obtained this winter."

Hoover's discussion of the food situation was made at a gathering of state food administrators here this afternoon on the eve of his departure for Europe to take up the work of food distribution to liberated peoples. He appealed for the necessity for the continuation of conservation in the United States, even though the armistice is signed.

## HOUSE TO LLOYD-GEORGE

U. S. Representative Wires British  
Premier His Congratulations.

(By United Press.)

London, Nov. 12.—Col. E. M. House, President Wilson's representative at the interallied council, today wired from Paris to Premier Lloyd-George as follows:

"My sincere congratulations. No one has done more to bring about victory than you."

## CELEBRATION IS FITTING CLIMAX

Although lacking Spontaneity Of  
Morning Demonstration, it Joy-  
ously Closes Historic Day.

IMMENSE CROWD TAKES PART

Raleigh Home Guards, Red Cross,  
War Mothers, K. of C.'s and Other  
Organizations Participate.

Although Rush county's victory celebration last night lacked the spontaneity of the early morning demonstration, it was a fitting climax to the local events of the greatest day in history.

An immense crowd surged through the streets, joyously bringing to an end the day which meant so much to everyone. When the parade moved down through the business district of the city, the sidewalks and streets, except for a small lane in the center, were one solid mass of people.

The parade began moving about seven o'clock. First came the city officials, followed by the band, which was hastily organized by Arlington and Rushville players, and a company of Home Guards from Raleigh commanded by Fred Bills, captain. The Home Guard organization was given a big ovation all along the line of march. The company has been organized only about eight weeks, just received uniforms Sunday, but made a splendid appearance, drilling and making formations like veterans. M. C. Twineham is first lieutenant, Russell Baker is second lieutenant and Everett Black flag bearer. The Knights of Columbus had a delegation of approximately fifty men marching, and school children, many of them dressed in grotesque costumes, made a big demonstration. Members of the Red Cross, wearing arm bands or the official head-dress, were out in large numbers. The War Mothers rode in automobiles provided by members of the organization and others.

Scores of bells temporarily installed on the hoods of automobiles, added to the din. Many motor trucks loaded with shouting school children and grown people, waving flags, and numberless decorated automobiles participated in the parade. Many townships were represented by delegations riding in decorated farm wagons.

A dilapidated hearse represented the funeral car of the kaiser and a sign on it intimated that he was in someplace besides heaven.

The celebration soon ran out, people apparently having been worn out by the continued demonstrations during the day. A few late celebrators, led by drum corps, paraded the streets, until ten o'clock, but by nine o'clock most of the large crowd which was on the streets earlier in the evening, had disappeared.

A large platform was erected at the northwest corner of the court house lawn where the band played for a short time after the parade. A few extemporaneous speeches were made, but people were not in the mood for speeches, preferring rather to celebrate in their own way. The committee in charge of the arrangements believed that a set program of speeches would not be appropriate because the people knew that the happiest moment in their lives had arrived—and they knew the reason, which was enough.

The order of Mayor Irvin yesterday not to allow the shooting of firearms inside the city limits served as a "wet blanket" on the celebration. The noise that would have helped materially in making the demonstration fit the occasion, was lacking. Most people felt that the "lid" should have been lifted for the day, because there never will be another day that will bring so much happiness to so large a number of people.

The usual fireworks display was continued on Page Eight

## TELEGRAPHS THE PRESIDENT

King George Thanks Wilson For Part  
he Played in Winning War.

(By United Press.)

London, Nov. 12.—King George telegraphed President Wilson thanking him for his part in winning the war.

The message said: "I thank you and the people of the United States for the high and noble part which you have played in this glorious chapter of history and freedom."

Messages were also sent to the other rulers of the allied nations.

## H. E. BARRETT NAMED FUEL ADMINISTRATOR

Appointed to Succeed S. L. Trabue,  
Who is at Camp Taylor—First  
Order Received.

LIFTS LIGHTLESS NIGHT BAN

Howard E. Barrett was notified today that he had been appointed county fuel administrator to succeed Samuel L. Trabue, who has entered the artillery officers training school at Camp Taylor, Ky. It has been known for some time that Mr. Barrett was recommended for the appointment by the county council of defense, but the matter was not made public until the official appointment was received.

The first official instructions from the state fuel administration came in the form of a telegram announcing that the lightless night ban, which has been in effect on Monday and Tuesday nights, had been lifted. The message emphasizes that there is still necessity of conserving fuel and that electricity should not be wasted in extravagant outdoor lighting.

## HARRY PEA DIES FROM EFFECTS OF THE WOUND

Expires Monday Night at 10:30  
O'clock Following Accidental  
Shooting Sunday Morning

FUNERAL THURSDAY, 2 P. M.

Harry Pea, age thirty-one years, died at 10:30 o'clock last night at Dr. Sexton's hospital from the effects of a bullet wound accidentally inflicted early Sunday morning, during a scuffle, when Arnold Yazel was being placed under arrest. The bullet was fired from Deputy Sheriff Will Spivey's revolver. The officer was arresting Yazel, who is said to have threatened to take Pea's life following an altercation Saturday night at the Moose hall where Pea was giving a dance. The bullet penetrated his liver and left lung and it was thought from the first that he could not recover.

Deputy Sheriff Spivey has suffered intensely because of the unfortunate accident. He and Pea were very good friends and he regrets more than he can express that such a thing should happen.

Pea made a success running a motor truck and dray business here. He was a member of the First Presbyterian church and the Moose lodge. The deceased is survived by the widow, his parents, three brothers and three sisters. The funeral services will be held at the home in West Second street, Thursday afternoon at two o'clock and burial will take place in East Hill cemetery.

## BROTHER IS KILLED

Mrs. John S. Abernethy received word yesterday at noon that her brother Sergt. Ralph Moore, had been killed at the front in France. Sergeant Moore was a member of a Sanitary Corps in Detroit, Michigan, before going overseas.

## ALL ARMY INDUCTIONS CANCELLED

Local Army Board Receives Tele-  
gram From Major Baltzell, State  
Conscription Officer.

AFFECTS ALL ARMY CALLS

Bulletin Regarding Navy and Marine  
Inductions Will be Forthcoming  
Very Soon.

PAUSES ON CLASSIFICATIONS

Local Board is Awaiting Official In-  
structions Before it Continues  
This Work.

(By United Press.)

Washington, Nov. 12.—No more questionnaires will be sent out by the draft board of the country, it was explained at the provost marshal general's office today.

Those which have been sent, however, it was added, must be filled out and returned to the draft board.

The local army selection board this morning received a telegram from Major Baltzell, state conscription officer, announcing that all inductions into the army under the nation's man power law were cancelled, including competent orders. It stated that a navy and marine bulletin will be forthcoming soon.

This means that no more Rush county registrants will be called for training either on regular calls or voluntary induction calls, except for the navy and marines. Although the board is without official instructions regarding the navy and marines, it is believed that more calls will be received for these two branches of the service.

Although dispatches from Washington say that no more registrants above thirty-seven years of age should be classified, according to the war department, the board here is awaiting official advice before proceeding with the classifications. Today's dispatches said that only registrants eighteen to twenty-one years of age should be classified.

Though 1,314 registrants of the 2,245 in the September 12 class have been classified, none of them has been inducted into the service on regular calls. A few have been voluntarily inducted into the navy and marine and some branches of the army.

This morning's telegram means that the twenty-one registrants who were listed for voluntary induction into the motor transport service for overseas duty at once, will not be called. The call for eight men to be sent to Camp Wadsworth, South Carolina Friday, was cancelled yesterday.

The board was notified today that Fern Downey of Arlington and Jesse Grigsby of Richland had been rejected at the Interlaken school for training motor transport men, at Rolling Prairie, Ind.

## FATHER ACCIDENTALLY KILLED

Miss Flora Gutapfel Receives News  
of His Death at Cincinnati

Miss Flora Gutapfel received word today that her father, John Gutapfel, had been killed accidentally at Cincinnati yesterday. Meager details were received to the effect that while riding a horse in a four horse team, he was thrown off and crushed. It is presumed by relatives that he was participating in a celebration over the end of the war and the horse frightened. Miss Gutapfel left today to attend the funeral.

## A WALLED CITY OF WOMEN

A little sunny village has grown up inside a high wall in France within the last year. Its square flat houses stand in straight even rows and along one side of the city wall is a long dormitory for single women. There are many more of them than of the families in the drab little houses. The village is full of women—old, young, middle-aged—whose faces, hands and hair slowly are turning yellow from the powder which it is said will eventually affect their lungs. But most of them are refugees and the fact that they

## Spanish Influenza can be prevented easier than it can be cured.

At the first sign of a shiver or sneeze, take

Standard cold remedy for 20 years—in tablet form—safe, sure, no opiates—breaks up a cold in 24 hours—relieves grip in 3 days. Money back if it fails. The genuine box has a red top with Mr. Hill's picture. At All Drug Stores.

are giving up their good looks, their health, and perhaps their lives in the munition factory, is of little moment to them. They have come into the walled town from ruined villages and devastated farms with their frightened little children, their despairing old people, carrying all their earthly possessions in tiny bundles. In their individual lives there is no future; in all their world there is no interest but the conquest of the Hun.

No one comes into this little war community that centers around the big new munitions plant but those who work. Because of the danger and the blighting yellow powder, the work is highly paid and all the workers are volunteers.

The women wear overalls or apron dresses, some of black sateen, some nondescript. The dull garb harmonizes with the yellowing faces and despairing eyes.

Into this modern walled city of despair the Blue Triangle has flashed the first message of hope. The Y. W. C. A. foyer is the only recreational center within reach. The cars which find cafes at the end of the line a mile away, stop running at seven o'clock to save fuel. The city is three miles from the factory.

"My problem," writes the Y. W. C. A. secretary in charge, "is to keep the women occupied in the evenings, to give them good healthy amusement so that they will forget their sorrows and go to bed and sleep, physically tired out from playing."

She goes on to tell of some of the women and girls who come to the foyer:

"There is a pretty little round, rosy-cheeked girl here who is just beginning to show the effects of the powder. The roots of her hair and her forehead are a pale yellow. The palms of her hands are a deep burnt orange and her hands and arms a bright yellow."

"There is an ex-professional dancer, an interesting girl who enjoys the foyer and helps entertain the other girls. There is a professional pianist who does her bit at the noon and evening hours. There is one rough-and-ready girl who speaks English, whose father was a luncheon in northern France. There is a pretty little girl who is engaged to a French soldier who still is rejoicing over the five minutes she had with him recently during an air raid. His mother is the caretaker here and he is one of six sons in the war. Two of them are German military prisoners, two are civil prisoners in Germany and two are soldiers in the trenches. Her home in the north of France was destroyed and she escaped with a small bundle of such things as she could carry in her hands."

"There is a sweet-faced girl who was a lacemaker in Valenciennes, who came direct to us from the German-ruled section after a hard experience in getting away."

These are the women the Blue Triangle is helping to forget—perhaps only for an hour at a time—the horrors that have blackened their hearth stones and darkened the world.

## Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins and ptomaine-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is so efficient to make anyone an enthusiast on the subject.

Remember inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.

"My foyer," the secretary writes, "consists of a hall and two large rooms with cement floors. One has a writing table and paper, pens and ink, sewing machines, a cupboard with tinware, a large table with papers and magazines, easy chairs and my desk. The other room has a piano, more tables, chairs, ironing boards and a Victrola. There are unframed French pictures and American and French war posters around the room. The walls are painted gray and white."

Saturday evenings they sing and dance. "First they have a chorus," writes the secretary, "such as 'Le Reve Passe' or the 'Hymne des Aviateurs' or something equally thrilling, and at the final notes of triumph a voice at my ears begs, 'Un polka, mees.' The polka finished, there is a call for the 'Hymne Americain' and we sing the 'Star-Spangled Banner' (Le Drapeau Etrole) in two languages."

These foyers have been established in several munition centers in France. Each one has a cafeteria, a recreation hall and rooms fitted up as rest rooms, writing and sewing rooms. At night these rooms are filled with French girls learning English, book-keeping or stenography, that they may work in the offices of the American Expeditionary Forces. In connection with each is a large recreation field or park.

At the request of the French ministry of war the Young Women's Christian association has opened club-rooms for the sixteen thousand French women employed in the offices of the war department.

So successful has been the foyer work in France that a call has come from England to the American Y. W. C. A. to bring its Blue Triangle bus and foyers across the channel. The English Y. W. C. A. has established centers for munitions workers on a smaller scale, but after inspection of the American work in France the four English representatives to the Allied Women's congress in Paris in August, officially requested that the American Y. W. C. A. undertake similar work in England.

## "No American May Refuse," Cardinal Gibbons Says

James Cardinal Gibbons, the leading Catholic churchman in America, has issued a strong appeal in support of the United War Work Campaign.

"It is an American campaign," he said. "Its appeal is one that no American may refuse. America's answer will be another triumphant announcement that we are in this war as one people and as one nation to see it through to victory. Into the splendid work of sustaining the morale of our fighting men the great social organizations of America have thrown themselves. The American people will raise the sum they ask—generously and gladly."

**WORK IN E. A. DEGREE**  
Phoenix lodge No. 62, F. and A. Masons, will have work in the E. A. degree Wednesday evening at 7:30 o'clock. Visiting Masons will be welcomed.

**PLENTY OF CORN HUSKERS**  
Marian Detrick, county agent, has had many applicants for work husking corn and has been unable to supply with work some of the men, who are from the southern counties. Farmers wanting help to husk corn are asked to call at the county agent's office, which is in the court house, and he will supply them. If farmers, who are through with their huskers, will send them to the county agent's office, he will try to get them more work.

# Acid-Stomach Destroys Health, Vitality and Strength

Clean out the excess acid from your stomach—it creates poisons that drag you down, rob you of physical power and vitality, make you sickly, weak and unfit.

It's just excess acid—superacidity—that's ailing you. Learn what it must mean to have in your stomach excess acid so powerfully destructive as to be able to create almost any ailment. For years dentists have been telling you that it's acid that eats off the hard enamel of the teeth and decays them. Think then, of how much easier it must be for an excess amount of acid to play havoc with the delicate organization of the stomach! Just imagine how one must feel—how weak, unfit, tired, run down and sickly—when acid-stomach gains control. Also, what small chance one has of the recovery of robust health, happiness or success, if this acid is permitted to remain, creating gas, and ever greater intrusions on your health and strength day after day.

You must remove the excess acid if you want perfect health and strength.

Health that knows no aches or pains anywhere, that gives life a new zest and makes it really worth while. What unpeakable joy it is to have health like that! How you live every minute of the day! How soundly you sleep at night and how refreshed you feel in the morning! How keenly you relish your meals—with what enthusiasm and bounding energy you plunge into the day's work whether it calls for muscular activity or mental keenness—or both.

That is the kind of health we all want and should have. It is your heritage. So don't let an acid stomach deprive you of your health. Don't let it hold you back. Take the superacidity—acid-stomach—out of your system; and back comes health, strength, vitality. Why? Because, by getting rid of the excess acid, you will be able to get the full strength out of the food you eat.

Some people think an acid-stomach merely causes indigestion, dyspepsia, bloating, heartburn, etc. That is a grave mistake. You simply have no idea of the long train of physical ills and aches human suffering that are directly traceable to acid-stomach. Rheumatism, Gout, Sciatica, Curvature of the Liver, Biliousness, Anemia, Auto-intoxication, Intestinal Obstruction, Constipation, Headaches, Migraines, Nervousness, Stomach Troubles, Indigestion, Cholera, Dizziness, Heart Trouble, etc., are all caused by Uicer and Cancer of the Stomach—all of these disorders can find their original source in the acid condition—acid-stomach—superacidity.

So often you have heard the remark: "I've taken all sorts of tonics and medicines and tried many different doctors but nothing seems to help me." About nine times out of ten people making such a remark suffer from acid-stomach. Remove that excess acid and the results are truly wonderful. Health and strength return almost like magic.

You can now rid your stomach of its excess acid with a wonderful modern remedy called EATONIC which literally wipes it out. It does the work easily, speedily and thoroughly. It makes the stomach pure, sweet, cool and comfortable. It helps you get full strength out of every mouthful of food you eat; and unless you DO get full strength from your food you cannot enjoy robust, vigorous health.

Try EATONIC and see how quickly it banishes the immediate effects of acid-stomach—bloat, heartburn, belching, food-repeating, indigestion, etc. See too, how quickly your general health improves—how much more relish you take in eating—how much more easily your food is digested—how soundly you sleep—how nervousness and irritability disappear.

It is so easy to get this help—and it costs so little. So why suffer another hour when sure, quick relief is at hand? Everywhere people who have tried EATONIC testify to its power to bring quick relief. The testimonials of some of these people are so enthusiastic and of such remarkable results as to be almost unbelievable.

If you are one of those who have "tried everything," but in spite of it are still lacking in physical strength and vigor, begin at once to take EATONIC. Don't put it off. Get back your physical and mental punch. Have the power and energy to work with vigor. Enjoy the good things of life. Learn what it means to fairly bubble over with health. Like thousands of others, you will say that you never dreamed it possible that such a wonderful change for the better could be brought about so quickly.

So get a big box of EATONIC from your drug-gist today. We authorize him to guarantee EATONIC to please you and you can trust your druggist to make this guarantee good. If it fails in any way, take it back—have your money. If your druggist does not have EATONIC, write to us and we will send you a big box. You can send us the 50¢ after you receive it. Address: E. J. Kramer, President, EATONIC Remedy Company, Cor. Wabash Ave. and 11th St., Chicago, Ill.

## TANKAGE FEED IS PROFITABLE

MEANS SAVING OF CORN IN PUTTING THE POUNDS ON MR. PORKER QUICKLY.

By J. R. WILEY  
Swine Specialist, Purdue Extension Department.

Eighty-three and a half per cent of the cost of producing a hog is feed that is consumed, according to data recently obtained by the farm management department at Illinois University. This is a much higher percentage for feed than is the case with dairy cattle or beef cattle. So the biggest problem that we have in pork production is to handle our feeds in such a way that they return the maximum amount of grain. Especially during wartime, when increased production of food necessities is so vital to our success, is it imperative that we make the most economical use possible of the feeds utilized for hogs. We must study to produce 100 pounds of pork with the smallest possible amount of feed.

The biggest opportunity for feed economy is in using balanced rations. We have talked balanced rations for a long time and yet no question has been asked us more frequently this summer: "Does it pay to feed high-priced tankage or other protein supplements to hogs?"

Ordinarily the farmer figures that he is getting a good pork return from corn alone if he obtains ten pounds of gain for each bushel of corn which he feeds. This means that the farmer who feeds corn alone calculates on feeding 560 pounds of corn for every 100 pounds of gain made by his hogs. Experimental work made at the various stations show that the farmer is about right in this estimate. If the hogs were given an opportunity to eat what tankage they want with the self-feeder along with the corn, they will consume about thirty pounds of tankage and 400 pounds of shelled corn for each 100 pounds increase in weight.

How Corn is Saved.

This means that there is a saving of 160 pounds of corn from feeding thirty pounds of 60 per cent tankage in comparison to feeding corn alone. In September it cost about \$1.50 to \$1.55 a bushel for corn, or \$55 a ton and tankage retailed in small lots to farmers at about \$110 per ton, so the farmer is paying twice as much as ground for tankage as the corn costs him, or thirty pounds of tankage cost as much as sixty pounds of corn. This still leaves a net corn profit from the buying and feeding of tankage amounting to 100 pounds for every 100 pounds of pork produced. In other words for every \$1 invested in tankage the farmer receives about \$3.50.

## Why Compare Beef and Coal Profits?

Swift & Company has frequently stated that its profit on beef averages only one-fourth of a cent a pound, and hence has practically no effect on the price.

Comparison has been made by the Federal Trade Commission of this profit with the profit on coal, and it has pointed out that anthracite coal operators are content with a profit of 25 cents a ton, whereas the beef profit of one-fourth of a cent a pound means a profit of \$5.00 a ton.

The comparison does not point out that anthracite coal at the seaboard is worth at wholesale about \$7.00 a ton, whereas a ton of beef of fair quality is worth about \$400.00 wholesale.

To carry the comparison further, the 25 cent profit on coal is 3 1/2 per cent of the \$7.00 value.

The \$5.00 profit on beef is only 1 1/4 per cent of the \$400.00 value.

The profit has little effect on price in either case, but has less effect on the price of beef than on the price of coal.

Coal may be stored in the open air indefinitely; beef must be kept in expensive coolers because it is highly perishable and must be refrigerated.

Coal is handled by the carload or ton; beef is delivered to retailers by the pound or hundred weight.

Methods of handling are vastly different. Coal is handled in open cars; beef must be shipped in refrigerator cars at an even temperature.

Fairness to the public, fairness to Swift & Company, fairness to the packing industry, demands that these indisputable facts be considered. It is impossible to disprove Swift & Company's statement, that its profits on beef are so small as to have practically no effect on prices.

Swift & Company, U. S. A.

**Good Sports—Not Tin Sports.**

It seems almost irreligious to compare Christmas giving with bar-room treating. But in one of its forms the institution hardly reaches a higher plane.

Smith treats Jones because he has met him on the sidewalk and wants to show that he feels friendly. Neither of them wants a drink.

Jones buys back to show he isn't a tightwad. Then Smith buys to show that he didn't buy the first

**PEPSINCO**

**Mrs. Jones Tells How  
PEPSINCO Helped Her  
Stomach!**

I just suffered  
everything. Nothing  
agreed with me at all. A few  
minutes after  
eating I had pain,  
sourness and as  
a rule would  
belch bad tasting  
stuff.

I tried doctors; I tried  
medicines; all without ef-  
fect. Pepsinco was recom-  
mended. I honestly believe  
that I can thank Pepsinco  
for my good health to-day.

I can eat anything and I  
am without pain. I would  
suggest that if there is  
anything wrong with your  
stomach, that you go to  
any drug store and get a  
small package of Pepsin-  
co.

The above is a testimonial  
from a party who followed  
the advice of a friend. Sup-  
pose you do the same.

**Says General Pershing, referring to  
one of the war work organizations:**

**"A SENSE of obligation for the varied  
and useful service rendered to the  
army in France . . . prompts me to  
join in the appeal for its further financial  
support. I have opportunity to observe  
its operations, measure the quality of its  
personnel and mark its beneficial influence  
upon our troops, and I wish unreservedly  
to commend its work for the army."**

**—General Pershing**

**UNITED WAR WORK CAMPAIGN**

This space is donated by The Peoples National Bank

drink just to get one in return. So  
Jones buys to reciprocate.

Brown walks in, and, being a regu-  
lar, he has met Smith there before.  
So he buys for the crowd; and then  
each of the other two buys. Reci-  
procity again. And then it's Brown's  
turn.

This isn't a lecture on prohibition,  
but on expenditure. The flood of  
chemical fluid that Smith, Jones and  
Brown pour into themselves may not  
hurt them, but it wastes their money  
and gives them no fun. They all  
know they don't want it, but they  
spend to show they aren't tightwads.

Christmas present given for the  
same purpose are a desecration of  
the institution. The motive is a self-  
ish one to start.

Let us give to impart pleasure.  
The U. S. government is our warrant  
for it.

A world war may dethrone kings,  
but it cannot dethrone the King of  
kings. Dynasties are for an open  
epoch, but the doctrine and spirit of  
Christmas are for eternity, and the  
government has not planned to abol-  
ish the indestructible.

It has merely told us to buy what  
the other fellow needs. He can't feel  
insulted if we give him an order on a  
local store for a new hat—he  
can easily get even by insulting us  
with an order for a pair of shoes.  
And we can all benefit Rushville by  
buying right here in town.

Keep the place going. Local army  
man and many other Rushville boys  
will come back before long, and they  
won't want to see strange names  
over any of the stores. Show them  
that we all did business at the old  
stands while they went to insure the  
safety of our homes.

And do your buying now. Don't  
let us have any overworked store  
clerks in Rushville during the great-  
est of all festivals.

Everything is comparative. Three  
pounds of sugar per person per  
month seems like luxury now.

Before an election each party is  
busy explaining why it must inevi-  
tably carry the election. The other  
party is just simply busy.

By the way, we were supposed to  
abstain from parties of all kinds un-  
til after the war was over and the  
troops came home. Then why not  
from political parties?

The aviator at Dallas, Texas who  
set the world's record by accom-  
plishing 192 consecutive loops, must  
have imagined at his finish that he  
had been suddenly whirled back to  
non-prohibition days.

**GOES TO PANAMA**  
Lieutenant Joe Hitt, son of Mr.  
and Mrs. William Hitt living south  
of the city, was one out of sixty se-  
lected from an aviation training  
camp in Texas to go to Panama as  
an instructor, according to word  
which has been received by his par-  
ents.

**BUY THRIFT STAMPS**

**Remainder of Armistice  
Terms Signed by Germany**

The remainder of the armistice  
terms signed by Germany, relating to  
the disposition of the eastern fron-  
tiers of Germany, to East Africa and  
naval conditions, which were not  
published in the Republican yester-  
day, areas follows:

12. All German troops, at present  
in any territory which before the war  
belonged to Russia, Roumania, or  
Turkey, shall withdraw within the  
frontiers of Germany as they existed  
on August 1, 1914.

13. Evacuation by German troops  
to begin at once and all German in-  
structors, prisoners and civilians as  
well as military agents now in the  
territory of Russia, as defined before  
1914, to be recalled.

14. German troops to cease, at  
once all requisitions and seizures  
and any other undertakings with a  
view to obtaining supplies intended  
for Germany in Roumania and Rus-  
sia, as defined on August 1, 1914.

15. Abandonment of the treaties  
of Bucharest and Brest-Litovsk and  
of the supplementary treaties.

16. The allies shall have free ac-  
cess to the territory evacuated by  
the Germans on their eastern fron-  
tier.

17. Unconditional capitulation of  
all German forces operating in East  
Africa within one month.

**Threatened With Pneumonia.**  
Mrs. Mary Kisby, 3533 Princeton  
Ave., Spokane, Wash., writes: "I  
was sick in bed with la grippe and  
threatened with pneumonia. I  
coughed so very bad. I sent and got  
a bottle of Foley's Honey and Tar  
Compound and it stopped my cough  
and I got better, so now I am around  
the house. I am 75 years old and  
can say as long as I live I will praise  
your medicine." Thousands of men,  
women and children can testify to  
splendid results obtained with Foley's  
Honey and Tar in treating coughs,  
colds, croup and whooping cough. F.  
B. Johnson.—Adv. 8

**ECKMAN LABORATORY, Philadelphia**

**PAY TELEPHONE TOLL**  
Don't overlook to pay your tele-  
phone toll before Nov. 12 if you wish  
to avoid paying 15 cents extra for  
collection. No notice will be given  
by telephone. M. V. Spivay,  
198-10 Secretary.

18. Repatriation without reciproc-  
ity within a maximum period of one  
month of all civilians interned or de-  
ported who may be citizens of other  
allied or associated states.

19. Reparation for damage done.  
While such armistice lasts, no public  
security shall be removed by the  
enemy which can serve as a pledge  
to the allies for the recovery or re-  
paration for war losses.

20. Immediate cessation of hos-  
tilities at sea and definite informa-  
tion to be given as to the location  
and movement of all German ships.

21. All naval and mercantile  
prisoners of war of the allied and  
associated powers in German hands  
to be returned without reciprocity.

22. Surrender to the allies and  
the United States of 160 German  
submarines, including submarine  
cruisers and minelaying submarines  
with complete armament and equip-  
ment in ports which will be specified.

23. The following German war-  
ships which shall be designated by  
the allies and United States shall be  
forthwith disarmed and thereafter  
interned in neutral ports or in allied  
ports.

Six battle cruisers, ten battleships,  
eight light cruisers, including two  
mine layers, 50 destroyers of most  
modern type.

All other warships are to be con-  
centrated in German naval bases and  
are to be disarmed.

24. The allies and the United  
States shall have the right to sweep  
up all mine fields and obstructions  
laid by Germany outside German  
territorial waters and the positions  
of these are to be indicated.

25. Freedom of access to and  
from the Baltic to be given to the  
naval and merchant marine of al-  
lied and associated powers.

26. The existing blockade condi-  
tions set up by the allies and asso-  
ciated powers to remain unchanged.

27. All naval aircraft are to be  
concentrated and immobilized in  
German bases.

28. In evacuating the Belgian  
coast and ports, Germany shall  
abandon all ships, all arms and  
stores of all kinds.

29. All Black Sea ports are to be  
evacuated by Germany. All Russian  
war vessels seized by Germany in the  
Black Sea are to be handed over to  
the allies and the United States. All  
neutral vessels seized are to be  
handed over by Germany.

30. All merchant vessels in Ger-  
man hands belonging to the allied  
and associated powers are to be re-  
stored in ports to be specified by the  
allies and the United States of  
America without reciprocity.

31. No destruction of ships or of  
materials to be permitted before  
evacuation, surrender or restoration.

32. The German government will  
notify the neutral governments of  
the world, and particularly the gov-  
ernments of Norway, Sweden, Den-  
mark and Holland, that all restric-  
tions placed upon the trading of  
their vessels with the allied and as-  
sociated countries, whether by the  
German government or by private  
German interests, and whether in re-  
turn for specific concessions such as  
the export of shipbuilding materials  
or not, are immediately canceled.

33. No transfers of German mer-  
chant shipping any description to  
any neutral flag are to take place  
after signature of the armistice.

34. The duration of the armistice  
is to be thirty days, with option to  
extend. During this period, on fail-  
ure of execution of any of the above  
clauses, the armistice may be re-  
nounced by one of the contracting  
parties on forty-eight hours'  
previous notice.

35. This armistice to be accepted  
or refused by Germany within seven-  
ty-two hours of notification.

**MRS. GLEN MILLER IS DEAD**

**Expires From Toxine Poison Fol-  
lowing the Influenza**

Mrs. Jennie Miller, age 40 years;  
wife of Glen Miller, died at her home  
in West Fourth street last evening  
about nine-thirty o'clock from toxine  
poison following the Spanish influen-  
za. She was a member of the Ma-  
honning Council, Degree of Posa-  
hontas. The deceased leaves a hus-  
band and step-father and mother, Mr.  
and Mrs. William Trennepohl, and  
one brother, Fred Wachendorf, of this  
city. The funeral services will be held  
tomorrow afternoon at 2 o'clock at  
the house and burial will take place  
in East Hill cemetery.

**The Biggest Money-Maker on the Farm**

Every good farmer MUST have a plow, a cultivator or a  
wagon and some other things. He cannot raise a crop without  
a plow, but he can raise a crop, such as it is, without a manure  
spreader.

All farmers buy plows, cultivators and wagons because they  
have to, just as the small boy goes to school because he is com-  
pelled to.

When a boy grows big so he knows the value of schooling,  
he goes because he wants to. When a farmer grows big to know  
the value of a manure spreader and how many more bushels it  
will make each of his acres produce, he buys it, not because he  
is compelled to, but because he knows it is the best money-maker  
he can put on his farm.

If our country demands more food, if we must feed besides  
the people of our own United States, many of the peoples of the  
belligerent countries, our duty is plain—we must make every  
acre produce to its limit. There is no machine that will increase  
the otherwise normal output of any acre of ground as much as  
the manure spreader. There is no machine made today that will  
INCREASE the food production of this country as will the  
spreader. There is no manure spreader made that will come nearer  
the ideal or perfect machine than the RUSHVILLE SPECIAL  
Spreader you will find on our sample floor. Come in and see it.

## BOYS WILL FIGHT THE CASE

To Demand Jury to Hear Charges That They Shot Revolvers.

Three boys were arrested yesterday, charged with shooting revolvers inside the city limits. Harry Hackman, one of three charged with the offense, said today that he expected to fight the case and would demand a jury trial. Bishop Goodin and Horace Pearsey, the other two arrested, will likely take similar action. The cases were set for this afternoon at four o'clock, but will have to be postponed because the case against Arnold Yazel, charged with public intoxication, is set for the same hour. Public sentiment apparently is against prosecution because of the use of firearms at the victory celebration, even though the practice is dangerous.

## LIEUT. BLACKLIDGE WRITES

First Letter Since he Arrived Overseas Received Today.

Mr. and Mrs. John Blacklidge of this city received their first letter today from their son, Lieut. Allen Blacklidge, who left here with old Company B for Hattiesburg, Miss., and was stationed there with the 139th Field Artillery before embarkation for overseas. Lieut. Blacklidge has been sick with the Spanish influenza ever since he landed and was able to be out at the time the letter was written, October 24. Lieut. Blacklidge is now attending training school in France.

## HOUSE CATCHES FIRE.

The roof was burned off the house occupied by a family named Rainey in Carthage this morning about nine o'clock. The damage is estimated at \$200. It is believed that the fire started from a defective flue. The Carthage auto-fire equipment soon extinguished the blaze.

Decide NOW what you SHOULD GIVE to the United War Work Fund.

## WAR or NO WAR!

We must still wear clothes. Not necessarily new ones, but clothes. Our business is to help you get the most possible good out of your clothes, and our progress will make a new appearance on them by removing that shabby and soiled look. ## HOW WEAK, NERVOUS WOMEN QUICKLY GAIN VIGOROUS HEALTH AND STRONG NERVES 7 A DAY FOR 7 DAYS

A Vigorous, Healthy Body, Sparkling Eyes and Health-Colored Cheeks Come in Two Weeks, Says Discoverer of Bio-feren.

World's Greatest Health Builder  
Costs Nothing Unless It Gives to Women the Buoyant Health They Long For.

It is safe to say that right here in this big city are tens of thousands of weak, nervous, run-down, depressed women who in two weeks' time could make themselves healthy, so attractive and so self-motivated that they would compel the admiration of all their friends.

The vital health building elements that independent women lack are all supplied in Bio-feren.

If you are ambitious, crave success in life, want to have a healthy, vigorous body, clear skin and eyes that show no dullness, make up your mind to get a package of Bio-feren right away.

It costs but little and you can get an original package at any druggist anywhere.

Take two tablets after each meal and one at bedtime—seven a day for seven days—then one after meals till all are gone. Then if you don't feel twice as good, look twice as attractive and feel twice as strong as before you started your money is waiting for you. It belongs to you, for the discoverer of Bio-feren doesn't want one penny of it unless it fulfills all claims.

Note to Physicians: There is no secret about the formula of Bio-feren, it is printed on every package. Here it is: Lecithin; Calcium; Glycero-phosphate; Iron Peptonate; Manganese Peptonate; Est. Nut. Vitamin; Fowd. Ben. Iodine; Phenolphthalein; Oleoresin Capsicum; Kola.

## Spotted POLAND CHINAS

Sugar Grove Stock Farm, 4½ miles west of Rushville, 2½ miles east of Arlington. 1 & C. traction stop 26. All cars stop on day of sale

### Saturday, Nov. 23, 1918

SALE BEGINS AT NOON

The Spotted Polands is not a new breed of hog, older men will tell you they were the first Poland hogs imported here in this country. They are prolific, with good backs and a springy rib which enables them to carry the pounds. They are the kind that feed at any age and make a large and profitable hog for the farmer to raise.

SALE TO BE HELD RAIN OR SHINE in our new sale pavilion and hog barn. Come and inspect one of the best built farms in the Middle West. We will be glad to have everybody who is interested in the growing of swine to attend, as there is room for all. Come and look these hogs over before the sale. I can refer you to several Rush county men who have crossed them with other hogs for feeding purposes, and a number who have the pure bred ones from this herd.

### GEORGE W. REEVE

Auctioneers: Col. Figgs, Henderson, Taylor and Dusty Miller.

All cars will be met at Stop 26 up until noon.

Lunch furnished by Ladies Aid of Arlington M. E. Church.

## One Big Dance!

iff of Shelby county, for an injunction and a quiet title.

Mr. and Mrs. John Simmerman have received word from their son, Corporal Virgil E. Simmerman, who is now in France that he has been promoted to the rank of a sergeant.

A seven pound girl was born yesterday to the wife of Donnie Hilligoss. The child has been named Norma Irene. Mrs. Hilligoss was formerly Miss Mabel Kraumes living west of the city.

Miss Ramona Norris of Carthage fell out of her buggy, which was in front of Dr. Sipe's residence last Thursday afternoon. Her arm and shoulder were broken, but the injury is thought not to be serious.

Lieutenant George DeHority, who is well known here, and who has been stationed for some time at Camp Grant, Rockford, Ill., has received orders to proceed to Palo Alto, California, Friday, where he will be an instructor in the officers' training school connected with Camp Fremont. His wife, who was Miss Louise Maury, and son Charles, will accompany him. Mr. and Mrs. Charles Maury went to Rockford, Ill., yesterday to be with them before their departure.

#### WOUNDED OCTOBER 10

Corporal Jerome Caron, son of Mr. and Mrs. Charles J. Caron, was wounded in action on the west front, October 10, according to a letter written October 12 and received by his parents today. They received a letter from him last week which was written October 15 and then thought it strange he did not specify the day on which he was wounded. He received a bullet wound in the right hip.

#### BUY THRIFT STAMPS

### Heat Control and a saving of fuel

This device takes complete and accurate charge of the drafts and dampers of any style of heating plant, hot water, hot air, steam, vapor or vacuum.

The real comfort and health it affords in rightly and evenly heated rooms is worth every penny of the cost and during a lifetime of continual and dependable service repeatedly repays its purchase price in a daily saving of fuel.

#### MINNEAPOLIS HEAT REGULATOR

The action is entirely automatic at all times and the clock attachment can be easily adjusted so that it will operate for an exact lower degree for the night and again in the morning at any set hour operate for a return to the normal daytime temperature.

**Telephone Your Ads—2111**

This page is read eagerly by over 5,000 readers daily. It is invaluable for merchants, farmers, professional men and all progressive people.

**OUR BASIS**

All advertisements, except display, are charged for at the rate of one-half cent per word for each insertion. The same ad will be placed in the Indianapolis Star and Daily Republican at the combined rate of one and one-half cent per word.

We earnestly solicit these advertisements by telephone and expect payment when the collector calls. Ads mailed in should be accompanied by the remittance, as the amount is generally too small to justify bookkeeping.

Cards of Thanks and Obituaries are charged for at the same rate, minimum 25 cents. No charge accounts opened.

**CLASSIFIED ADVERTISEMENTS ARE NOT TAKEN AFTER 10:00 A. M. FOR PUBLICATION ON THE SAME DAY.**

**Detroit Weatherproof Detachable Tops**

They are designed to afford motoring comfort in Winter as well as Fall and Summer.

They transform your Ford in a few brief seconds to a warm—absolutely storm-tight from windshield to rear window—brilliantly lighted limousine.

For the Ford driver who has considered winter driving a hardship rather than a pleasure, this patented all-weather top will be most acceptable as it eliminates instantly all his former hardships.

No bothersome side curtains to adjust in the biting cold or blinding snowstorms. The weatherproof top becomes an integral part of your Ford at a very reasonable cost.

**OPEN NOSTRILS! END  
A COLD OR CATARRH**How To Get Relief When Head  
and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear, and you can breathe freely. No more sneezing, hawking, mucous discharge, dizziness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. -Don't stay stuffed-up and miserable. Relief is sure.

**Important Notice!**

The Rush County Farmers Insurance Association's annual meeting that was to have been held October 12, 1918, and postponed on account of the prevailing epidemic will be held in the sheriff's office at Rushville, Indiana, November 16th, 1918, at 1:00 o'clock p. m. Said meeting will be for the election of officers for the next ensuing year and for the transaction of such other business as may come before said meeting.

W. A. Alexander, President.

L. R. Webb, Actuary.

**A FITTING CLIMAX  
CELEBRATION HERE IS**

Continued from Page One  
missed, but the committee found it impossible to get any great amount of torches because the affair was arranged in such short order.

The request to light and decorate home was complied with. All along the line of march and elsewhere in the city, residences glowed, each window reflecting a bright shaft of light.

**\$600,000,000 FOR NAVY.**

(By United Press.)

Washington, Nov. 12.—Indicating determination to go ahead with the great naval program outlined recently by Secretary Daniels, the navy department today sent to congress a request for \$600,000,000 to be utilized in building ten battleships, six battle cruisers and 140 smaller vessels.

**MANILLA TO CELEBRATE.**

Manilla will hold a victory celebration tonight and is preparing to entertain a big crowd. The Arlington band has been engaged and three or four drum corps have been organized to help out with the noise-making.

**J. W. BROWNING DIES**

John W. Browning of Indianapolis, age 76 years, died at his home in Indianapolis, Monday night. The remains were brought here on the I & C traction car this morning and taken immediately to the cemetery north of Orange for burial.

**IN MEMORIAM.**

The reaper death has again been abroad in our midst and this time it was the ripened sheaf gathered into the garner.

Thursday morning, October 31, 1918, John M. Beaver passed from life after a short illness. In his death this community has lost a noble hearted citizen and the sad news brought sorrow to many hearts.

The son of Elijah and Ann Elizabeth (Rhodes) Beaver, he was born on a farm near Pinhook, in Noble township, Rush county, Indiana, January 19, 1842, thus was aged 76 years, 9 months and 11 days. He was one of a family of nine children, but two of whom now survive, George H. Beaver of Rush county, and Mrs. Martha Todd of Indianapolis. Mr. Beaver grew to manhood on the home farm in Noble township. Here he acquired what meagre learning the schools of that day afforded. Though his own opportunity for study was limited he was always an ardent friend of education.

On October 23, 1867, he was united in marriage to Mary Emma Stewart of Wabash county. This union was one of great happiness and for fifty-one years this devoted couple had shared the joys and sorrows of wedded life.

Mr. and Mrs. Beaver located in Wabash county, but lived there only two years when they came back to this part of the state and lived on a farm near Palmouth in Fayette county. In 1876 they moved to their present home where they have since lived.

Of the five children born to them, one died in infancy. The four who today with their mother mourn the loss of this dear one are Mrs. Orpha E. Cook, Hugh, Chester and Raymond Beaver. There are also eleven grandchildren and one great grandchild.

Mr. Beaver was fortunate in having two of his sons with their families locate in homes adjoining the parental roof-tree and derived much pleasure in the society of these beloved grandchildren. Paul, always a favorite, was grandpa's chum and their comradeship was beautiful to see.

In his young manhood Mr. Beaver joined the Methodist Episcopal church and from that time he was an earnest, sincere but unassuming christian exemplification in his daily walk the teachings of the christian religion. He had long held membership in the church at Glenwood, where he was a regular attendant of all the services and a generous contributor to its financial support.

He had lived a good, honest, useful life so when the final summons came he was ready. He fell asleep sustained and soothed by an unfaltering trust.

Like one who wraps the drapery of his couch  
About him, and lies down to pleasant dreams.

The Boxley Piano Store's Sale of Musical Goods, comprising a stock of several thousand dollars' worth of Player-Pianos, Phonographs and Pianos, all will be sold at astounding low prices—Prices below all competition.

This sale comes in good time for everyone who wants an instrument for Xmas. Come to the store this week—without fail. Take advantage of the low prices, and have the instrument set aside for later delivery. Goods will be sold for cash or on reasonable terms. Buy now and avoid disappointment. There is an extreme shortage of musical goods everywhere. These goods were bought nine months ago—just before the big raise in price by the manufacturers. We saved money by making a large purchase of Player-Pianos and Phonographs—and now we are going to turn the entire stock at an enormous saving to all who wish to buy now. The quality of these instruments is the best on the market—reliable makers, such as are always to be found at the Boxley Store.

A SALE OF UTMOST IMPORTANCE TO ALL WHO WANT A NEW MUSICAL INSTRUMENT IN  
THEIR HOME.**Boxley's Piano Store**

**OFFICIAL FOOD NEWS**By Dr. Harry E. Barnard, Federal  
Food Administrator for Indiana.

Purchases of sugar for family use may be made monthly hereafter upon the basis of the three pound per person ration. This regulation succeeds that for bimonthly purchases on the two-pound per person per month basis.

Hotels and restaurants are subject to an interpretation of the three pounds per ninety meals sugar ration by the following: "In no event shall the amount of sugar served to any person at any one meal exceed one-half an ounce." One teaspoonful of sugar or its equivalent may be served for tea or coffee, plus one teaspoonful for fruit or cereal (not for both) and one small lump for demitasse.

Bean packers throughout the country will be allowed to operate at normal capacity for the three months beginning today. The Food Administration announces that it is assured of sufficient tin-plate to permit the packing of beans in normal quantities.

Canners will be allowed to use up all odd-sized tins now on hand, but additional purchases of tins smaller than the number two size will not be permitted. The canners will not be allowed to contract for more than a three months' supply of either cans or beans, nor will shippers be allowed to sell beans to canners without first securing Food Administration permits.

Carr & Crosby of the Centiliver hotel, Ft. Wayne, were permitted to pay \$50 to the United War Work fund, in Allen county, for having used double their sugar allotment for October.

**AMERICAN  
WOMEN LEAD  
THE WORLD**They Have Beauty, Health  
and Brains

"A really beautiful woman is always a healthy woman," remarked one of our noted beauty specialists, "for true beauty comes from the blood and strong, steady nerves." Rich, red blood, the fountain of life and youth, shows itself in a clear, rosy skin, solid flesh, fine form and a keen, bright mind. Red blooded women, with strong nervous vitality, are sought after by men; they are the hope and leaders of the world in health, beauty and intelligence, and their number is increasing. They have learned the value of Iron and Phosphates in keeping them in perfect condition.

The number of weak, pale, fagged out, run down and nervous women is bound to decrease rapidly, once the power of Phosphated Iron becomes more generally known," said a leading doctor. "There is not a reason in the world why women should not be strong, happy and a joy to look upon when the remedy is at hand. Phosphated Iron has accomplished wonders with my patients. It has restored health, vitality, strong nerves and happiness to whole families. It's the healthy, red and blooded, strong, phosphate-fed men and women that enjoy life and lead in every work. Think it over! To insure doctors and their patients getting the genuine Phosphated Iron we have put in capsules only, so do not allow dealers to substitute pills or tablets. Insist on capsules. Pitman, A. Wilson, Druggists, and leading Druggists everywhere.
